Campus Services and Student Information

Career Development Services

Career Development Services (CDS) offers services to assist all ODU undergraduate and graduate students as well as alumni with career decision making, internal assessment and external exploration, reflection, and career readiness skills. Teaching career readiness skills and an educational developmental philosophy are keys to students’ success as well as internships, networking, active career research, timely intentional involvement in each stage of career development, and meaningful student employment and internship engagement. A range of comprehensive services includes individual career counseling, career fairs, student employment, on-campus interviews, career classes, internship support, assisting in maximizing career outcomes, workshops, outreach, in-class presentations, web content, and more. CDS has received national recognition for select programs, and staff members provide national and regional leadership in the field. CDS has a main center as well as college-based services.

The Student Employment Program is designed to assist students in locating on- or off-campus, part-time, or seasonal, or Federal Work Study (FWS) positions for those who qualify. Traditional on-campus employment programs for students with Federal Work Study (FWS) include the Student Temporary Assist Team (STAT), Community Service Internship Program (CSP), and the America Reads (AR) program. Students without FWS may qualify for hourly student employment positions. Freshmen may qualify for the Learn and Earn Advantage Program (LEAP.) Career Development Services lists jobs of all types, including permanent full-time positions, through ODU Careers4Monarchs. This powerful interactive web-based system is available free to students and alumni of Old Dominion University. The ODU Careers4Monarchs database contains employer information, career information, a career event calendar and interview schedules, as well as the means to electronically apply for positions posted. Careers4Monarchs is the primary tool used by Career Development Services to communicate with students about various career opportunities and events to help students succeed at Old Dominion University and into their careers.

Individual career consultations and electronic assessment tools, as well as seminars on career exploration, are available to assist in major and career path selection. Each college has an experienced professional CDS staff member assigned to offer career development services to students at all levels. CDS maintains full-service college-based services in the Colleges of Arts and Letters, Business, Education, Engineering and Technology, and Sciences, which house the CDS Liaison to that college. CDS services are also available to students at the Virginia Beach, Tri-Cities and Peninsula Higher Education Centers.

Cooperative education and internship experiences are available at the junior, senior and graduate levels. These programs allow students to gain valuable experience related to their major while testing out possible career choices. All students are encouraged to participate in one or more practical experiences.

Professional seminars in resume writing, job search strategies, interview skills, salary negotiation and other career-related topics are offered throughout the year and are also available in video streamed and online versions. These are complemented by classroom and group presentations and other special career events, including employer information sessions, as well as employer and alumni career information panels and etiquette dinners.

General career fairs are held twice a year and are supplemented by specialized fairs for specific populations, including a teacher fair, a graduate recruitment fair, co-op/intern fair and a summer job fair. Students may also take advantage of the On-campus Recruiting Program, which provides the opportunity to interview, on campus, with employers for internships, cooperative education, and entry-level positions.

Many of the programs and services available on campus are also offered online and via video streaming through the CDS website, ODU Careers4Monarchs, and the Career Commons. CDS has developed this exciting opportunity as part of the anytime, anywhere virtual career center model for students and alumni who prefer or require assistance from a career professional through electronic means. The Career Commons allows CDS staff to provide quality career assistance from a distance, replicating face-to-face services through interactive media and multiple electronic means of communication. The National Association of Colleges and Employers (NACE) recognized CDS for this initiative with the Chevron Corporation Award.

More information is available by calling the CDS main office at 757-683-4388 during normal office hours, via email at cds@odu.edu, or virtually via the internet at http://www.odu.edu/cds (http://www.odu.edu/cds/). Staff members are also available in offices in the colleges or the main CDS office in Webb Center North, Suite 2202.

Student Health Services provides primary outpatient health care for Old Dominion University students. These services include medical care for acute illness and minor injury, routine health care, preventive health care, family planning and laboratory testing. Student Health Services also provides referrals to health care providers in the local community for services beyond the scope of the campus health center. Laboratory testing and X-rays or other diagnostic tests are done at the student’s expense. Full-time Norfolk campus students should complete the immunization requirements before coming to school. For students starting in the fall, this information is due August 1 and for students starting in the spring, on January 2. Any immunizations administered at Student Health Services are done at the student’s expense.

Health History/Immunization Requirements

All entering full-time Norfolk campus students (undergraduate, graduate, transfer, and English Language Center students) are required to complete the Tuberculosis (TB) Risk Assessment on the health history form submitted to Student Health Services. Each student determined to be part of an at risk population for TB must present the results of a TB skin test (Mantoux PPD) or TB blood test to Student Health Services within two months prior to matriculation at Old Dominion University. Any student with symptoms of active TB will be required to be tested immediately. Students with a positive TB test are required to have a chest X-ray in a timely manner per Virginia Department of Health requirements.

All entering full-time Norfolk campus students are required to have their immunizations up to date. This includes Meningococcal quadrivalent vaccine and Hepatitis B vaccines or signed waiver on Part C of their health history form if the student declines these vaccines. In addition, Meningococcal B vaccine is recommended for those students at increased risk due to certain medical conditions or an outbreak of Meningococcal B disease. Men B vaccine may be administered to students age 16-23 for short-term protection (preferred age 16-18). Health history forms, Tuberculosis Risk Assessment and immunization documentation are due August 1 for fall semester and January 2 for spring semester. Students who do not submit the required health history/immunization documentation will not be allowed to register for their second semester. A complete list of immunization requirements and health history/immunization forms are on the Student Health Services website at http://www.odu.edu/studenthealth (http://www.odu.edu/studenthealth/).

All full-time and part-time students are encouraged to make provision for payment of charges for health services not provided by Student Health Services. The University recommends that all students carry adequate personal health insurance. International students are required to have health insurance. See the Student Health Services website for information regarding health insurance at http://www.odu.edu/studenthealth (http://www.odu.edu/studenthealth/).

Center for Global Engagement

Paul Currant, Senior International Officer

The Center for Global Engagement coordinates activities that focus on Old Dominion University’s strategic commitment to campus-wide internationalization. These activities fall into three general categories, all of which are designed to expand student understanding of our interdependent world: encouraging the incorporation of international issues and perspectives into undergraduate and graduate education; facilitating international mobility of students and faculty; and sharing international interests and expertise with the broader Hampton Roads community that Old Dominion University seeks to serve. For more detailed information, visit the center website at https://odu.edu/intlprogs (https://odu.edu/intlprogs/).

The Center facilitates the development of the University’s cooperative agreements and exchange programs with other institutions of higher learning around the world in order to encourage mobility of students and faculty as well as collaborative research. Staff members provide advising support for international fellowships, such as the Fulbright and Boren Awards, and the Gilman International Scholarship Program.

The Center sponsors and coordinates international programs that serve and involve the citizens of the region and the state. These may include appearances by foreign diplomats, scholars and artists, workshops for teachers and other professionals, and support for internationally-focused community organizations.

The Center includes the Office of Study Abroad, the Office of Visa and Immigration Service Advising (VISA), and the English Language Center.

Office of Study Abroad (OSA)

Increasing global awareness happens in both the classroom and elsewhere on Old Dominion’s multicultural campus, but there is no substitute for traveling abroad to acquire a personal perspective on our increasingly interdependent world. Old Dominion students participate in a wide array of study abroad experiences as an integral part of their college education. Faculty-led programs of study in the summer and over spring break are available in different subject areas (from Service Learning in South Africa, to Theatre in London, to Business Studies in Korea and China). Semester and academic year study abroad programs and reciprocal student exchange programs offer long-term opportunities in virtually all areas of the world. Old Dominion is a member of study abroad consortia that sponsor high quality programs around the globe, providing opportunities for ODU students in more than 70 countries. Regardless of one’s field of study, almost all Old Dominion students can study abroad. Practically all forms of student financial aid may be applied to an academic program abroad, and travel grants are available for many programs. Dean’s Education Abroad Awards are ODU scholarships that provide additional financial support for students who are studying abroad during their ODU career.

The Office of Study Abroad administers overseas academic programs and authorizes transfer credit from approved programs of study. OSA houses resources on study abroad opportunities and general reference materials on international travel and scholarships. A Study Abroad Fair is held every semester, and pre-departure orientation programs and re-entry sessions when students return from abroad are also organized by the staff. Please visit the OSA’s website at www.odu.edu/studyabroad (http://www.odu.edu/studyabroad/).

Visa & Immigration Service Advising (VISA)

The Old Dominion University community includes more than 700 international students and 75 visiting scholars from 80 foreign countries. Serving the immigration advising and personal needs of these individuals is the main mission of Visa & Immigration Service Advising (VISA). The office provides administrative support and documentation services along with resource and regulatory advising that assist international students and scholars in successfully achieving their academic and research goals. VISA also works closely with academic departments and administrative offices and helps to educate them on regulatory requirements. Additionally, VISA offers all university staff the Global Certificate Program, a series of workshops that help in building awareness of the international community’s needs, as well as to develop and strengthen skills in intercultural communication.

VISA administers the International Student Leadership Award, which provides tuition support for undergraduate international students who demonstrate leadership and community involvement. Visit the VISA website at https://www.odu.edu/visa (https://www.odu.edu/visa/).

English Language Center

The English Language Center (ELC) provides effective, quality instruction of English for non-native speakers. Students will improve their English language skills, gain confidence, develop critical reasoning skills, learn about American culture, and prepare for university-level courses. The ELC’s rigorous full-time Intensive English Program is designed for students who want to develop the academic English proficiency necessary to succeed in ODU’s undergraduate and graduate programs. The ELC offers six seven-week sessions each year with program start dates in January, March, May, June, August, and October. Each week, full-time students spend at least 20 hours in class studying grammar, listening/speaking, reading/vocabulary, and writing. Part-time learning opportunities are also available.

Conditionally admitted students can join the ELC’s Monarch English Transition Program (formerly known as the Bridge Program). The Undergraduate and Graduate Monarch English Transition (MET) Programs combine two English language support courses with one to two courses in the student’s academic field. Conditionally admitted students may enter the MET by successfully meeting the level 5 exit requirements of the ELC’s Intensive English Program or by scoring a 500 on the TOEFL ITP, 61 on the TOEFL iBT, or 5.5 on the IELTS. Successful completion of the semester-long MET Program satisfies the University’s English proficiency requirement. Students in the Undergraduate MET Program have the option to enroll in the language support courses for academic credit.

The ELC administers the institutional TOEFL and SPEAK exams several times a year. TOEFL and GRE preparation courses are also available. For more information, please visit the ELC website at www.odu.edu/esl and contact the ELC (ELC@ODU.EDU, 757-683-4424). Admission and
subsequent enrollment in ELC courses do not imply admission to the ODU academic programs.

Foremost among their many goals is to form an overall meeting arena for graduate students across multiple disciplines to work together. The GSO is a recognized student organization for activity funding with elected officers. The GSAB is a group directly advising the Dean of the Graduate School. Currently, the GSO is on hiatus as it is being re-envisioned and restructured with input from the GSAB and graduate student feedback at-large.

Current projects of the GSAB include developing more effective procedures for acquiring and disseminating resource support (e.g., summer research and creativity funding; conference travel), building professional development programs and opportunities, and expanding graduate students’ quality of life.
