Academic Success Initiatives

Housed inside the Student Success Center, Academic Success Initiatives (ASI) empowers all to thrive academically, personally, and professionally. Academic Success Initiatives provides an inclusive environment dedicated to building authentic relationships and community, fostering meaningful learning experiences, and collaborating with all as they pursue their passion and purpose. In partnership with the Provost, Vice Provost and other University leaders, this area is responsible for the coordination of academic success programs across the University.

ASI includes five offices:

- Office of Advising Administration
- Office of Academic Innovation & Learning Support
- Monarch Internship & Co-op Office
- Office of Study Abroad
- TRiO Programs: TRiO Upward Bound, TRiO Student Support Services, and TRiO McNair Scholars

In collaboration with the academic colleges and other partners across campus, these units provide a diverse array of services and programs for undergraduate students. Staff work to ensure students learn about academic programs and majors; connect to campus peers, groups, and others with similar interests; make academic plans, monitor progress, and reach short- and long-term goals; engage in active learning and work-based learning programs; find and use academic support services; and showcase skills, talents, and abilities.

Center for Career & Leadership Development

The Center for Career and Leadership Development (CCLD) empowers undergraduate and graduate students and alumni in their career and leadership development from their first day as a Monarch through graduation and their career. Through strategic collaboration with campus and community partners, CCLD offers several programs and services, including career coaching and workshops, leadership development, resume reviews and job search preparation, career fairs and employer connections, a job search database called Handshake, student employment coordination and training, volunteer and service-learning programs, career treks, professional mentorship programs, living-learning and theme communities, and the Monarch Pantry.

The Student Employment Program is designed to assist students in locating on- or off-campus, part-time, seasonal, or Federal Work-Study (FWS) positions for those who qualify.

The Center for Career and Leadership Development collaborates with on- and off-campus organizations to post open jobs of all types, including permanent full-time positions, as well as on-campus roles, through ODU Handshake. This powerful interactive web-based system is available for free to students and alumni of Old Dominion University. The ODU Handshake database contains employer information, career information, a career events calendar and interview schedules, and the means to electronically apply for positions posted. Handshake is the primary tool used by CCLD to communicate with students about various career opportunities and events to help students succeed at Old Dominion University and into their careers.

Individual career coaching and electronic assessment tools, as well as workshops on career exploration, development, and the job search, are available to assist in major and career path selection. Students may sign up for an appointment with a career coach via Handshake or by visiting the office during drop-in coaching hours. CCLD also provides students with experiential learning opportunities through leadership seminars, service-learning course partnerships, career treks, job shadow, and mentorship

opportunities. Students can also volunteer in and receive support from the Monarch Pantry and Monarch Clothing Closet. More information on career coaching, workshops, and experiential learning opportunities are located on CCLD's website at [odu.edu/career-leadership](https://www.odu.edu/career-leadership) (<https://www.odu.edu/career-leadership/>).

Career and internship fairs are held twice a year and are supplemented by specialized fairs for specific populations. Employers are also present on campus through information and tabling sessions, as well as employer and alumni career information panels and etiquette meals. Additional opportunities to connect with internships and co-operative opportunities are coordinated by ODU's Monarch Internship and Co-Op Office ([odu.edu/internship/](https://www.odu.edu/internship/)).

More information is available by calling the CCLD main office at 757-683-4388 during normal office hours, via email at cclld@odu.edu, or via the website at <http://www.odu.edu/career-leadership> (<http://www.odu.edu/career-leadership/>). Staff members are also available in 2202 Webb Student Center.

Educational Accessibility

The University offers accommodations and services depending on documentation presented by the student. It complies with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and its Amendments of 2008. For students with specific learning, medical, psychological, physical or mobility, visual, hearing, or temporary and other challenges, reasonable accommodations are afforded. Students with disabilities benefit greatly from the accommodations and other supportive services offered by the Office of Educational Accessibility, which also significantly contribute to their academic performance.

All students must submit the proper documentation and register with OEA to receive help. Instructions for registering and guidelines for documentation can be found at <https://www.odu.edu/accessibility> (<https://www.odu.edu/accessibility/>). Calling (757) 683-4655 will provide more detailed information. Interactions between students and OEA are kept confidential and private. OEA expects new students who require interpreters to contact them at least 45 days before registration to prepare. As soon as a student has pre-registered for a semester, they must pre-register for accommodations for themselves.
