Academic Advising for Undergraduate Students

http://www.odu.edu/success/academic/advising

All degree-seeking undergraduate students must meet with an advisor each semester to discuss future academic and career goals as well as course selection for the next term. A degree planning hold is placed on each student’s account on April 1 and November 1 to prevent registration until the student and advisor meet. Students are encouraged to talk with their advisors frequently throughout the year, rather than only during registration time periods. The advisor may, at her or his discretion, remove the degree planning hold for several semesters after the student has developed a long range degree plan.

Acceptance of a student for advising purposes does not guarantee acceptance into the department as a major. In most instances, students begin their academic planning and advising by meeting with an advisor in the chosen college’s advising center (http://www.odu.edu/success/academic/advising/centers). Upon successful completion of prerequisite courses, students must officially declare the major and be accepted by the department as a major by submitting the appropriate application or meeting with the chief departmental advisor (http://www.odu.edu/success/academic/advising/advisors). (http://www.odu.edu/ao/registrar/graduation/candidates/advisors.shtml)

The executive director of the Center for Advising Administration and Academic Partnerships in Academic Affairs (located in the Student Success Center (http://www.odu.edu/advisingprograms)) directs the undergraduate advising system through the college advising center (http://www.odu.edu/success/academic/advising/centers) directors, associate deans, the chief departmental advisors (http://www.odu.edu/success/academic/advising/advisors) (CDAs), faculty advisors, the Center for Major Exploration (http://www.odu.edu/success/academic/majorexploration), and the director of advising services for distance learning, in coordination with Career Development Services (http://www.odu.edu/cmc).

Academic Advising Centers

All undergraduate, degree-seeking students are assigned to an advisor in a college advising center (http://www.odu.edu/success/academic/advising/centers) based on the planned academic program, or to the Center for Major Exploration (https://www.odu.edu/success/academic/majorexploration) during the initial term of enrollment, or to a Student Success Advisor for distance learning students. On-campus first year students will meet with the advisor during Preview Orientation (http://www.odu.edu/preview), which is required of all freshmen students and campus freshmen-level transfers. All Strome College of Business students, including on-campus transfer students, are required to attend Preview. All transfer students are encouraged to attend Preview, in addition to participating in the required online transfer orientation. Students who are undecided on a program of study or interested in exploring majors offered at Old Dominion University should schedule an appointment at the Center for Major Exploration (http://www.odu.edu/success/academic/majorexploration) (CME) in 1500 Webb Center. In addition, students who begin their studies in an academic college may become exploratory and utilize CME for major exploration advising. All other on-campus students who have decided on a major should see an advisor in the academic college advising office during the first semester of enrollment. Students will be assigned to a faculty advisor after the freshman year or upon completion of prerequisite courses for the major. Distance learning students, regardless of major decision, and any off-campus students in online programs should consult with their ODU Online Student Success Advisor for advising purposes.

Academic advisors will make every effort to give effective guidance to students in academic matters and to refer students to those qualified to help them in other matters, but the final responsibility for meeting all academic requirements for a selected program rests with the student.

How to Prepare for an Advising Session

All undergraduate, degree-seeking students are expected to utilize the online Degree Works (https://www.odu.edu/academics/academic-records/degree-evaluation) program to make decisions about course registration. Prior to an advising appointment, students should review their Degree Works curriculum page and select courses for the next term. These selections may be indicated in the long range planning feature of Degree Works for record-keeping purposes. Students are encouraged to develop a complete long range plan prior to their sophomore year, knowing that the plan may change based on student elective choices and concentrations within major programs. Printing out the long range plan and bringing it to the advising appointment will allow the student to have a more productive discussion with the advisor about elective choices and future goal planning. If a student requires assistance with utilizing the Degree Works system, the Student Success Center (http://www.odu.edu/ao/successcenter) offers individual and group tutorials on how to use the system and create a long range degree plan.

Information about each major and the possible careers is available through video clips at http://www.odu.edu/success/programs/finishin4.

Early Alert/Progress Report Success Advising

Academic success assistance is available to students who have progress grades at midterm (fall or spring semesters in 100-200 level courses) of C- or below. Students are contacted through ODU email by the first-year advisor in their academic major or by their Residence Life staff for individual consultation and referral to support services. Any student in academic difficulty may also receive individual academic coaching services from the Student Success Center (http://www.odu.edu/ao/successcenter).

UNIV Coursework

Academic success programs are available for all freshmen, sophomores, and transfer students who end their first semester in academic warning. All freshmen and sophomore students are required to participate in an academic success program, sponsored by the Student Success Center, in accordance with the Undergraduate Continuance Policy (http://www.odu.edu/continuance).

**Academic Testing and Placement**

The University Testing Center is located in the Student Success Center. Personnel administer University placement tests, College-Level Examination Program (CLEP) exams, DANTES, the Miller Analogies Test (MAT), Praxis, professional certification exams and correspondence tests. For information about testing services, please visit www.odu.edu/testing-center.

**Writing Placement.** All undergraduate students who have not earned credit for ENGL 110C through dual enrollment, Advanced Placement (AP), the College Level Examination Program (CLEP) or transfer from another institution are **required** to earn a passing score on the Writing Sample Placement Test (WSPT).

Transfer students with credit for ENGL 110C are exempt from taking the WSPT. Transfer students are eligible to take the WSPT as a diagnostic tool by contacting the Writing for College Success Program at wspt@odu.edu.

**Math Placement.** All incoming freshman students and transfer students are eligible to enroll in MATH 101M or MATH 103M. Placement into MATH 102M, MATH 162M and above will be based on a student’s SAT or ACT score. Students who want to enroll in STAT 130M, MATH 102M, MATH 162M and above and who do not have the qualifying SAT or ACT score can challenge their math placement and/or seek academic credit by making an appointment to take a math placement test at the University Testing Center. Students challenging their placement may take the math placement test up to the University add/drop deadline.

**Foreign Language.** All students who have studied a foreign language in high school for three or more years must take a placement exam before continuing in that same language. Students with less than three years of foreign language study in high school may take the placement test if they wish to begin higher than 101F; otherwise, they must begin with the 101F course. This policy does not apply to students who have advanced placement credit. Foreign language courses below the 300 level are not open to native and heritage speakers; these students should consult a foreign language faculty member for advising.

Students whose native language is not English and who have satisfied English language proficiency requirements (see the section of this catalog on English Proficiency Requirements for Non-Native Speakers of English) are exempt from the foreign language requirements for General Education, including exemption from foreign language placement testing. Students pursuing degrees that require proficiency beyond the 100 level must be certified by the World Languages and Cultures Department to obtain a waiver of the 200-400 level courses.

**Exemptions.** Students may satisfy the requirement for the first semester of General Education written communication based on their performance on one of two national examinations. Three hours of credit for ENGL 110C will be earned if the student receives either:

1. a score of 3, 4, or 5 on the Advanced Placement Examination in English Language and Composition; or
2. a score of 50 or higher on the College-Level Examination Program (CLEP) English Composition with Essay Examination.

Students with superior scores on the math placement test receive credit for MATH 162M, or both MATH 162M and MATH 163, thus fulfilling the General Education Requirement. Students desiring credit by examination for STAT 130M should apply to take the DANTES test at the University Testing Center.

Students may be exempt from the General Education Foreign Language requirement (without credit) in one of the following ways:

1. presentation of three high school credits in one foreign language;
2. presentation of two high school credits in each of two foreign languages; or
3. presentation of a score of 490 or above on the CEEB Foreign Language Achievement Test or its equivalent.

Credit is granted for scores of 3, 4 and 5 on Advanced Placement (AP) language exams in Chinese, French, German, Italian, Japanese, and Spanish and literature exams in French, Latin and Spanish. No more than nine credits will be awarded if both AP language and literature exams are submitted. Credit is also granted for scores of 4, 5, 6 and 7 on the A2 and B exams in French, German, Latin and Spanish of the International Baccalaureate (IB). Contact the Testing Center or the Department of World Languages and Cultures for additional information. Students receiving B.A. degrees must demonstrate foreign language proficiency through the 202 or 212 level regardless of high school credits completed.

All placement tests described above are administered by the University Testing Center. Contact information can be found at the center’s website at www.odu.edu/testing-center.

### Career Development Services

Career Development Services (CDS) offers services to assist all ODU undergraduate and graduate students as well as alumni with career decision making, internal assessment and external exploration, reflection, and career readiness skills. Teaching career readiness skills and an educational developmental philosophy are keys to students’ success as well as internships, networking, active career research, timely intentional involvement in each stage of career development, and meaningful student employment and internship engagement. A range of comprehensive services includes individual career counseling, career fairs, student employment, on-campus interviews, career classes, internship support, assisting in maximizing career outcomes, workshops, outreach, in-class presentations, web content, and more. CDS has received national recognition for select programs, and staff members provide national and regional leadership in the field. CDS has a main center as well as college-based services.

The Student Employment Program is designed to assist students in locating on- or off-campus, part-time, or seasonal, or Federal Work Study (FWS) positions for those who qualify. Traditional on-campus employment programs for students with Federal Work Study (FWS) include the Student Temporary Assist Team (STAT), Community Service Internship Program (CSI), and the America Reads (AR) program. Students without FWS may qualify for hourly student employment positions. Freshmen may qualify for the Learn and Earn Advantage Program (LEAP.) Career Development Services lists jobs of all types, including permanent full-time positions, through ODU Careers4Monarchs. This powerful interactive web-based system is available free to students and alumni of Old Dominion University. The ODU Careers4Monarchs database contains employer information, career information, a career event calendar and interview schedules, as well as the means to electronically apply for positions posted. Careers4Monarchs is the primary tool used by Career Development Services to communicate with students about various career opportunities and events to help students succeed at Old Dominion University and into their careers.

Individual career consultations and electronic assessment tools, as well as seminars on career exploration, are available to assist in major and career path selection. Each college has an experienced professional CDS staff member assigned to offer career development services to students at all levels. CDS maintains full-service college-based services in the Colleges of Arts and Letters, Business, Education, Engineering and Technology, and Sciences, which house the CDS Liaison to that college. CDS services are also available to students at the Virginia Beach, Tri-Cities and Peninsula Higher Education Centers.

Cooperative education and internship experiences are available at the junior, senior and graduate levels. These programs allow students to gain valuable experience related to their major while testing out possible career choices. All students are encouraged to participate in one or more practical experiences.

Professional seminars in resume writing, job search strategies, interview skills, salary negotiation and other career-related topics are offered throughout the year and are also available in video streamed and online versions. These are complemented by classroom and group presentations and other special career events, including employer information sessions, as well as employer and alumni career information panels and etiquette dinners.

General career fairs are held twice a year and are supplemented by specialized fairs for specific populations, including a teacher fair, a graduate recruitment fair, co-op/intern fair and a summer job fair. Students may also take advantage of the On-campus Recruiting Program, which provides the opportunity to interview, on campus, with employers for internships, cooperative education, and entry-level positions.

Many of the programs and services available on campus are also offered online and via video streaming through the CDS website, ODU Careers4Monarchs, and the Career Commons. CDS has developed this exciting opportunity as part of the anytime, anyplace virtual career center model for students and alumni who prefer or require assistance from a career professional through electronic means. The Career Commons allows CDS staff to provide quality career assistance from a distance, replicating face-to-face services through interactive media and multiple electronic means of communication. The National Association of Colleges and Employers (NACE) recognized CDS for this initiative with the Chevron Corporation Award.

More information is available by calling the CDS main office at 757-683-4388 during normal office hours, via email at cds@odu.edu, or virtually via the internet at http://www.odu.edu/cds. Staff members are also available in offices in the colleges or the main CDS office in Webb Center North, Suite 2202.

### Housing and Residence Life

Living on campus provides students opportunities to build life-long friendships, engage in academic pursuits, and develop a sense of community. Housing & Residence Life (HRL) staff members facilitate a residential experience that encourages the exploration of new ideas, supports the development of community and personal growth, and strives to make meaningful connections between students’ academic and personal lives.

Living on campus provides opportunities to be active members of their community. Socializing with friends, dining in the halls, and taking advantage of academic support services are just a few of the many benefits of living on campus. Whether living in a residence hall or apartment style community, students can experience university life to its fullest as residents. Students will spend a significant amount of time in their living environment, and HRL staff want students to feel as if their residence hall or on-campus apartment is their “home away from home.” HRL staff are committed to providing a premier living learning community where students can be successful in and outside of the classroom.

HRL staff provide a learner-centered environment conducive to students’ academic success through intentional Living-Learning Communities (LLCs). LLCs offer students the opportunity to live and engage with other students that have similar academic and co-curricular interests. Living in an LLC uniquely connects students to the ODU community while achieving student success.

Engaging in HRL community experiences during the first eight weeks of the semester can have long-term positive benefits. Remaining fully engaged in academic pursuits, campus life, and service learning will maximize students’ time as an ODU Monarch Citizen. Serving in a leadership capacity will give students an opportunity to help shape their involvement while at ODU. Student leaders living in the residence halls are responsible for coordinating dynamic community experiences that further enhance the collegiate journey. Living on campus at ODU can provide endless possibilities for students who have the desire and want to become global citizens.

For further information about living options on campus, please visit the HRL website at: http://www.odu.edu/life/housing, contact Housing & Residence Life at (757) 683-4283 or email housing@odu.edu. 4603 Elkhorn Ave., Suite 1208, Norfolk, VA 23529

### Off-Campus Housing

The Office of International Programs (OIP) coordinates activities that focus on Old Dominion University’s strategic commitment to campus-wide internationalization. These activities fall into three general categories, all of which are designed to expand student understanding of our interdependent world: encouraging the incorporation of international issues and perspectives into undergraduate and graduate education; facilitating international mobility of students and faculty; and sharing international interests and expertise with the broader Hampton Roads community that Old Dominion University seeks to serve. For more detailed information, visit the OIP website at www.odu.edu/oip.

OIP facilitates the development of the University’s cooperative agreements and exchange programs with other institutions of higher learning around the world in order to encourage mobility of students and faculty as well as collaborative research. OIP staff provide advising support for international fellowships, such as the Fulbright and Boren Awards, and the Gilman International Scholarship Program.

OIP sponsors and coordinates international programs that serve and involve the citizens of the region and the state. These may include appearances by foreign diplomats, scholars and artists, workshops for teachers and other professionals, and support for internationally-focused community organizations.

OIP includes the Office of Study Abroad, the Office of Visa and Immigration Service Advising (VISA), and the English Language Center.
Office of Study Abroad (osa)

Increasing global awareness happens in both the classroom and elsewhere on Old Dominion’s multicultural campus, but there is no substitute for traveling abroad to acquire a personal perspective on our increasingly interdependent world. Old Dominion students participate in a wide array of study abroad experiences as an integral part of their college education. Faculty-led programs of study in the summer and over spring break are available in different subject areas (from Service Learning in South Africa, to Theatre in London, to Business Studies in Korea and China). Semester and academic year study abroad programs and reciprocal student exchange programs offer long-term opportunities in virtually all areas of the world. Old Dominion is a member of study abroad consortia that sponsor high quality programs around the globe, providing opportunities for ODU students in more than 70 countries. Regardless of one’s field of study, almost all Old Dominion students can study abroad. Practically all forms of student financial aid may be applied to an academic program abroad, and travel grants are available for many programs. Dean’s Education Abroad Awards are ODU scholarships that provide additional financial support for students who are studying abroad during their ODU career.

The Office of Study Abroad administers overseas academic programs and authorizes transfer credit from approved programs of study. OSA houses resources on study abroad opportunities and general reference materials on international travel and scholarships. A Study Abroad Fair is held every semester, and pre-departure orientation programs and re-entry sessions when students return from abroad are also organized by the staff. English Language Center

The English Language Center (ELC) provides effective, quality instruction of English for non-native speakers. Students will improve their English language skills, gain confidence, develop critical reasoning skills, learn about American culture, and prepare for university-level courses. The ELC’s rigorous full-time Intensive English Program is designed for students who want to develop the academic English proficiency necessary to succeed in ODU’s undergraduate and graduate programs. The ELC offers six seven-week sessions each year with program start dates in January, March, May, June, August, and October. Each week, full-time students spend at least 20 hours in class studying grammar, listening/speaking, reading/vocabulary, and writing. Part-time learning opportunities are also available.

Conditionally admitted students can join the ELC’s Monarch English Transition Program (formerly known as the Bridge Program). The Undergraduate and Graduate Monarch English Transition (MET) Programs combine two English language support courses with one to two courses in the student’s academic field. Conditionally admitted students may enter the MET by successfully meeting the level 5 exit requirements of the ELC’s Intensive English Program or by scoring a 500 on the TOEFL iTP, 61 on the TOEFL iBT, or 5.5 on the IELTS. Successful completion of the semester-long MET Program satisfies the University’s English proficiency requirement. Students in the Undergraduate MET Program have the option to enroll in the language support courses for academic credit.

The ELC administers the institutional TOEFL and SPEAK exams several times a year. TOEFL and GRE preparation courses are also available. For more information, please visit the ELC website at www.odu.edu/esl and contact the ELC (ELC@ODU.EDU, 757-683-4424). Admission and subsequent enrollment in ELC courses do not imply admission to the ODU academic programs.
