SCI - Sciences

SCI 101 Introduction to the College of Sciences (1 Credit Hour)
 Presents the relationship between majors in the College of Sciences and the student's career goals for students planning to major in a science. Provides an orientation to the University emphasizing the learning skills needed for science majors.

SCI 195 Topics (3 Credit Hours)
 Topics of study that are not offered regularly.

SCI 302T The Evolution of Modern Science (3 Credit Hours)
 This course outlines the history of science from Aristotle to the present. Scientific progress has always been coupled with human progress and subject to the politics and culture of the times. Scientists, in most instances, have been in the mainstream of society. But, because of their curiosity and innovation, scientists have often clashed with the prevailing culture. (Cross-listed with HIST 386T).
