Women's and Gender Studies is a multi- and interdisciplinary field of study that examines gender in historical and contemporary contexts with an emphasis on women's lives and perspectives. The department values the complex intersections of gender, race, class, sexuality, ability, nation, and other identities. We are committed to a social justice-based approach and seek to bridge academic and community work.

Students who want to pursue only the Graduate Certificate in Women's Studies, must hold either a B.A. or B.S. degree with an overall GPA of 2.80 OR a graduate degree.

Those admitted to a graduate program have the option of earning a Graduate Certificate in Women's Studies in conjunction with a graduate degree from another department or college. Students must satisfy all admission requirements for their chosen graduate program before enrolling in the courses required for the Graduate Certificate in Women's Studies. Please consult the Director of the Women's Studies Graduate Certificate and the relevant sections of the Catalog for additional information.

Students pursuing the Certificate in combination with another graduate degree will be advised by both a Women's and Gender Studies faculty member and an advisor from their graduate program.

The Certificate will be awarded upon completion of the required program of courses.
