Department of Communication Disorders and Special Education

Web Site: http://odu.edu/cdse/ (http://odu.edu/cdse/)
Jonna Bobzien, Chair
122 Child Study Center
757 683-3307

The Department of Communication Disorders and Special Education, housed in the Lions Child Study Center (4501 Hampton Blvd.), provides academic and clinical programs to give students valuable practical experience, deliver needed professional and educational services to members of the Hampton Roads community, and provide a laboratory setting for innovative faculty and student research. The department's mission is to prepare educators and speech-language pathologists who teach and serve individuals with diverse needs, their families, and their communities. We achieve this mission through innovative research, interdisciplinary collaboration, and evidence-based practices. The graduate programs in the department include a Ph.D. in Education (Special Education Concentration), master's degree programs in Special Education and in Speech-Language Pathology, and certificate programs in autism and in applied behavior analysis.

Due to changing University requirements, national accreditation standards, and Commonwealth licensure regulations, the programs in the Darden College of Education and Professional Studies are under constant revision. Any changes resulting from these factors supersede the program requirements described in the catalog. Students should obtain current program information from their advisors and the Darden College of Education and Professional Studies website at http://www.odu.edu/eps (http://www.odu.edu/education/).

The professional education programs in the department require several field experiences. Prior to placements in educational settings, students will be required to complete a clearance background check. The process to complete the ODU clearance background check is located at: https://www.odu.edu/oce/teacher-education/placement. (https://www.odu.edu/success/academic/teacher-education/placement/background-checks/) The process takes at least eight weeks. The ODU clearance background check includes the FBI fingerprint SP-24 form, the child protective service/social service check, and the sexual offender registry check. If students have any questions, they can check with the Office of Clinical Experiences at (757) 683-3348. Speech-language pathology students placed in clinical settings may be required to complete an alternative background check process as guided by the graduate program director.

Individual programs are described on the following pages in this order:

Special Education
- Master of Science in Education, Special Education, General Curriculum K-12 Concentration
- Master of Science in Education, Special Education, Adapted Curriculum K-12 Concentration
- Master of Science in Education, Special Education, Early Childhood Special Education Concentration
- Post-Baccalaureate Endorsement Program with Special Education: General Curriculum K-12
- Post-Baccalaureate Endorsement Program with Special Education: Adapted Curriculum K-12
- Post-Baccalaureate Endorsement Program with Early Childhood Special Education
- Post-Baccalaureate Endorsement Program with Visual Impairments K-12
- Autism Certificate Program
- Applied Behavior Analysis Certificate Program
- Doctor of Philosophy in Education, Special Education Concentration
- Master of Science in Speech-Language Pathology
- Master of Science in Speech-Language Pathology

Master of Science in Education, Special Education

Laura Chezan, Graduate Program Director
Child Study Center, (757) 683-3307

Within the Master of Science in Education, major in Special Education, there are three, endorsement specific concentrations for those who seek both an advanced degree in special education and either initial teacher licensure or endorsement in special education. The special education graduate program is committed to a philosophy of serving as a catalyst to promote awareness, understanding, and acceptance of individuals with disabilities. The course work focuses on the improvement of the quality and scope of educational and related services available to individuals with disabilities from infancy to adulthood.

Note to students in Washington State from the Student Achievement Council (SAC) concerning the Master of Science in Education-Special Education: Eligibility for initial educator certification in Washington is based on completion of a state approved educator preparation program. This program is approved in Virginia and is authorized for field placements in Washington by the Professional Educators Standards Board. Even though you may be residing in Washington while in this program, your application for educator certification in Washington will be processed as an out-of-state application. Go to http://pathway.pesb.wa.gov/archive/outofstate (http://pathway.pesb.wa.gov/archive/outofstate/) for more information. Teachers are advised to contact their individual school districts as to whether or not this program may qualify for teacher advancement.

Master of Science in Education, Special Education - General Curriculum K-12, Adapted Curriculum K-12, or Early Childhood Special Education Concentrations

The master's degree program with special education licensure prepares teachers and agency personnel to design and implement programs for individuals with disabilities in a variety of settings. This master's degree program with special education licensure endorsement can be completed in approximately two years during which the enrolled students will specify a concentration in General Curriculum K-12, Adapted Curriculum K-12, or Early Childhood Special Education. Due to changing University requirements, national accreditation standards, and state licensure regulations, the programs in teacher education are under constant revision. Students are encouraged to obtain current program information from the Special Education Program website at: http://www.odu.edu/cdse/academics/sped/grad (http://www.odu.edu/cdse/academics/sped/grad/).

The graduate licensure programs in special education, in addition to meeting the Master of Science in Education degree requirements, satisfy Virginia Department of Education teacher endorsement competencies. Graduates are prepared to work effectively with children, adolescents, and adults who require special educational services. Classroom instruction is supplemented by field experiences with children, adolescents, and adults in a variety of settings. Teacher interns have been placed in children's hospitals, special education classes in public and private facilities, regional education programs, residential psychiatric hospitals, mental health centers, and community agencies.
Students must:

- Exit

Admission

Admission to the graduate program in special education is granted by the department's graduate program director in conjunction with special education faculty. The following requirements are necessary for admission to the licensure program.

Regular Admittance Requirements

1. a baccalaureate degree from a regionally accredited institution;
2. an undergraduate grade point average of 2.80 or better in an academic content area;
3. a Graduate Record Examination (GRE) score of at least 291 (Verbal and Quantitative sections with a minimum Verbal score of 150 or better) and a 4.5 on the Analytical Writing section OR a Miller Analogies Test (MAT) minimum score of 403; and
4. a 400-500 word goal statement indicating why the student wishes to enroll in the special education program.

Provisional Admittance Requirements

Provisional admittance may be offered to students with marginal GRE or MAT scores or grades. In this case, the committee takes into consideration other factors. Individuals who do not meet the Praxis Core Academic Skills for Educator Tests or SAT requirements or with low test scores or a low undergraduate GPA will not be admitted to the graduate program. Provisional admittance requires:

1. a baccalaureate degree from a regionally accredited institution;
2. an undergraduate grade point average of 2.80 or better in an academic content area;
3. a Graduate Record Examination score of at least 286 (Verbal and Quantitative sections with a minimum Verbal score of 146 or better) and 4.0 on the Analytical Writing section OR a Miller Analogies Test (MAT) minimum score of 396; and
4. 400-500 word goal statement indicating why the student wishes to enroll in the special education program.

Fast Track Teacher Preparation Admission Policy

Please refer to the appropriate section in the undergraduate catalog.

Continuance

Students must:

1. complete the Pre-Task Rating Form at time of admission;
2. complete the CITI Responsible Conduct of Research, Social and Behavioral Research training modules. See the Responsible Conduct of Research site (https://www.odu.edu/impact/responsible-conduct-of-training/) for more information;
3. maintain a grade point average of 3.00;
4. achieve a grade of B or better in all field experience practicum coursework and a grade of B- or better in all additional course work; and
5. successfully complete all competencies relative to their area(s) of emphasis.

Exit

Students must:

1. maintain a grade point average of 3.00, achieve a grade of B or better in all field experience practicum coursework, and achieve a grade of B- or better in all additional course work;
2. obtain passing scores on the written comprehensive examination (with no more than one successful re-examination) and the internship/student teaching experience;
3. complete a Graduate Student Assessment;
4. complete the Post Task Rating Form; and
5. submit a professional portfolio according to program guidelines before the awarding of the master's degree. Candidates seeking special education licensure in General Curriculum K-12, Adapted Curriculum K-12 or Early Childhood Special Education will be required to submit Virginia Communication and Literacy Assessment (VCLA) scores and candidates seeking special education licensure in Special Education, Licensure – General Curriculum K-12 will be required to submit Reading for Virginia Educators (RVE) assessment scores.
6. Candidates seeking initial special education licensure in General Curriculum K-12, Adapted Curriculum K-12 or Early Childhood Special Education will be required to successfully complete the child abuse and neglect recognition and intervention training, Dyslexia awareness training, and certification/training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators.

Comprehensive Examination

All students seeking a master’s degree in special education are required to complete successfully a written comprehensive examination. On this examination, students will be required to answer questions in general special education content and questions from his/her area(s) of specialization. Specialization questions will be congruent with the student’s academic and professional preparation. If not passed during the first administration, the exam may be repeated only one time. Failure to successfully pass the comprehensive examination will result in not completing the requirements for the Master of Science in Education.

Program Requirements

Successful completion of the master’s degree requires a minimum of 30 semester hours of graduate study in special education. For all students who have successfully (C-grade or better) completed undergraduate coursework in special education, the graduate program director will review course content to determine if Virginia Department of Education teacher endorsement competencies were satisfied by previous course completion. Course(s) in special education taken at the undergraduate level that satisfy Virginia Department of Education competencies for licensure may be substituted for coursework required in the master's degree program; however, the undergraduate credit does not count as transfer graduate credit. Teacher candidates are expected to demonstrate dedication to special education students through the effective use of differentiated strategies for assessment and planning, and application of evidence-based practices.

Special Education, Licensure – General Curriculum K-12

This program is designed to prepare professionals who are able to design and to implement appropriate educational programs for students who manifest mild disabilities and participate in the general academic curriculum. The program combines course work, supervised practica and internship to facilitate the integration of theory and practice in the development of evidence-based interventions applicable for individuals with special needs from preschool through adult in both public and private facilities. Program competencies prepare students to work in school-based programs in a variety of settings, including residential and hospitals settings. Program practica and internship allow students opportunities to apply management, instructional and problem-solving skills in one-to-one and group settings.

Note to students in Washington State from the Student Achievement Council (SAC) concerning the Master of Science in Education (Special Education - General Curriculum K-12): Eligibility for initial educator certification in Washington is based on completion of a state approved educator preparation program. This program is approved in Virginia and is authorized for field placements in Washington by the Professional Educators Standards Board. Even though you may be residing in Washington while in this program, your application for educator certification in Washington will be processed as an out-of-state application. Go to http://pathway.pesb.wa.gov/archive/
The adapted curriculum program is designed to prepare teachers to instruct individuals traditionally labeled with multiple, severe, or profound disabilities who are accessing an alternative academic curriculum. Individuals accessing the adapted curriculum may have disabling conditions such as cerebral palsy, autism, or a sensory impairment. The program combines course work, supervised practica and internship to facilitate the integration of theory and practice in the development of evidence-based interventions applicable for individuals with special needs from preschool through adult in both public and private facilities. Program competencies prepare students to work in school-based programs in a variety of settings, including residential and hospitals settings. Program practica and internship allow students opportunities to apply management, instructional and problem-solving skills in one-to-one and group settings. Students wishing to be endorsed in special education: adapted curriculum will take the prerequisite, core, and adapted curriculum course blocks and teacher candidate internship.

Special Education, Licensure - Adapted Curriculum K - 12

The adapted curriculum program is designed to prepare teachers to instruct individuals traditionally labeled with multiple, severe, or profound disabilities who are accessing an alternative academic curriculum. Individuals accessing the adapted curriculum may have disabling conditions such as cerebral palsy, autism, or a sensory impairment. The program combines course work, supervised practica and internship to facilitate the integration of theory and practice in the development of evidence-based interventions applicable for individuals with special needs from preschool through adult in both public and private facilities. Program competencies prepare students to work in school-based programs in a variety of settings, including residential and hospitals settings. Program practica and internship allow students opportunities to apply management, instructional and problem-solving skills in one-to-one and group settings. Students wishing to be endorsed in special education: adapted curriculum will take the prerequisite, core, and adapted curriculum course blocks and teacher candidate internship.

* Requires a 45-hour practicum
** SPED 483/SPED 583 prerequisite.

Due to changing University requirements, national accreditation standards, and Commonwealth licensure regulations, the programs in the Darden College of Education and Professional Studies are under constant revision. Any changes resulting from these factors supersede the program requirements described in the catalog. Students are encouraged to obtain current program information from their advisors and the Darden College of Education and Professional Studies website at http://www.odu.edu/education/.

**Post-Baccalaureate Endorsement Program**

TBD, Graduate Program Director
Child Study Center
(757) 683-4117

Many students who already possess an undergraduate degree enter Old Dominion University for the sole purpose of meeting the Virginia Department of Education teaching licensure standards. The special education post-baccalaureate endorsement option is available for those students who wish to pursue licensure in special education and do not meet the master's degree admission requirements or hold provisional licensure in special education and wish to complete licensure requirements. Individuals pursuing a post-baccalaureate endorsement program must first apply for admission to Old Dominion University as a non-degree seeking graduate student; however, admission to Old Dominion University does not guarantee admission into post-baccalaureate endorsement or teacher preparation programs in the Darden College of Education and Professional Studies. Once admitted to the University, individuals must also apply for admission into a post-baccalaureate endorsement program and must meet the college’s policy for admitting students into an approved teacher education program. The college offers four post-baccalaureate endorsement programs in special education: general curriculum K-12, adapted curriculum K-12, early childhood special education, and visual impairments prek-12.

The Post-Baccalaureate Endorsement Program meets Virginia Department of Education endorsement requirements. Program completers find employment as special education teachers within the continuum of services provided for children with special needs and may also serve as key members of child study teams; they are prepared to address the educational, emotional, and physical needs of students with disabilities.

**Admission**

**Regular admittance requires:**

1. completion of an undergraduate degree in the arts and sciences (or equivalent);
2. admission to Old Dominion University as a non-degree seeking graduate student;
3. cumulative GPA of 2.80 for all college credit courses taken in the baccalaureate degree program from an accredited college/university; and,
4. submission of an application for admittance into the Darden College of Education and Professional Studies Teacher Post-Baccalaureate Endorsement Program.

**Provisional admittance requires:**

1. completion of an undergraduate degree in the arts and sciences (or equivalent);
2. admission to Old Dominion University as a non-degree seeking graduate student;
3. cumulative GPA of 2.50-2.74 for all college credit courses taken in the baccalaureate degree program from an accredited college/university; and,
4. submission of an application for admittance into the Darden College of Education and Professional Studies Teacher Post-Baccalaureate Endorsement Program.

**Continuance Requirements**

1. completion of the Pre-Task Rating Form upon acceptance;
2. complete the CITI Responsible Conduct of Research, Social and Behavioral Research training modules. See https://www.odu.edu/education/resources/conduct-of-research-instructions/(https://www.odu.edu/education/resources/conduct-of-research-instructions/);
3. successful completion of all courses required for licensure in an endorsement area(s);
4. maintenance of a GPA of 3.0 with a B or better in all practicum coursework, and a B- or better in all additional course work; and

**Exit Requirements**

1. completion of the Post Task Rating form;
2. candidates seeking special education licensure in General Curriculum K-12, Adapted Curriculum K-12, Visual Impairment and Early Childhood Special Education must submission Virginia Communication and Literacy Assessment (VCLA) scores and candidates seeking special
education licensure in General Curriculum K-12 will be required to submit Reading for Virginia Educators (RVE) assessment scores.

3. completion of all requirements for the program;
4. completion of SPED 583 prior to teacher candidate internship (student teaching); and
5. passing scores on the Special Education Exit Exam.

Candidates seeking initial special education licensure will be required to successfully complete the child abuse and neglect recognition and intervention training, Dyslexia awareness training, and certification/training in emergency first aid, cardiopulmonary resuscitation, and the use of automated external defibrillators.

### Special Education General Curriculum, K-12 Endorsement Only

**Applied Behavior Analysis Certificate Program**

Old Dominion University is pleased to offer the 5th Edition Verified Course Sequence (VCS) approved by the Association for Behavior Analysis International (ABAI). The 5th Edition VCS consists of 315 hours of coursework (21 graduate-level credits or 7 courses) for students taking the Board Certified Behavior Analyst (BCBA®) examination. Applicants will need to meet additional degree and experience requirements before they can be deemed eligible to take the examination.

The program’s primary goal is to provide teachers and related-service providers with instruction in applied behavior analysis that will broaden the range of empirically-supported instructional methodologies used to meet the academic, social, and behavioral needs of a diverse student or client population. The program’s secondary goal is to provide teachers and related-service providers with the educational and supervised fieldwork experience needed to sit for the national BCBA® examination.

In this program, the seven courses are offered in a combined distance learning and online format on a pre-determined schedule. An applicant must (a) have a master’s degree from an accredited university or the equivalent from a foreign institution in one of the following areas: education, psychology or behavior analysis OR (b) be accepted into and currently pursuing a master’s degree offered by an accredited university in one of the following areas: education, psychology or behavior analysis.

Successful completion of the ODU ABA certificate program, in addition to a supervised internship that meets the Behavior Analyst Certification Board (BACB) guidelines, will allow the participant to apply for the national BCBA® examination. A student who successfully completes the 21-credit course sequence and does not complete the internship requirement may earn the ODU ABA Certificate, but is not eligible to sit for the national BCBA® examination. Courses required to complete the ODU Applied Behavior Analysis Certificate Program include the following courses:

**The Virginia Consortium for Teacher Preparation in Special Education Adapted Curriculum: Supporting Students with Severe Disabilities and Autism (ACSD)**

The Virginia Consortium for Teacher Preparation in Special Education Adapted Curriculum: Supporting Students with Severe Disabilities and Autism (ACSD Consortium) is comprised of six state-approved teacher preparation programs in special education: adapted curriculum K-12. Participating universities are George Mason University; Norfolk State University; Radford University; James Madison University; Virginia Commonwealth University and Old Dominion University. The consortium’s primary goal is to prepare teachers across the commonwealth to be highly skilled and effective in teaching learners with severe and multiple disabilities. The program is designed to accelerate the training for teachers...
Doctor of Philosophy, Education – Special Education Concentration

TBD, Graduate Program Director

The Doctor of Philosophy is the degree most often desired for those who wish to become faculty in colleges and universities and those who aspire to senior administrative roles in institutions and agencies. The Ph.D. in education with a concentration in special education is intended to prepare individuals for administrative and faculty positions and to provide students with the skills to carry out scholarly research, lead organizations, and create new research.

The Ph.D. in education with a concentration in special education is designed to address the acute shortage of doctoral level special education personnel in the Commonwealth and across the nation. Program graduates will be prepared as content experts in pre-referral intervention and early intervention to assume positions of leadership as special education faculty at the university and college level. Additionally, graduates of the special education program will have the professional research skills to work with school systems to address the diverse learning needs and behavior challenges associated with the education of students with special needs and those students at risk. Program graduates will attain a degree of proficiency in research and writing that will prepare them to make contributions to the professional literatures of special education and related disciplines.

The curriculum described below contains elements that will provide research expertise, administrative skills and experience, and the ability to serve the nation’s colleges, universities, and agencies providing special education services.

Entrance Criteria

In order to be considered for admission into the Old Dominion University Ph.D. in Education: Special Education Concentration program (special education Ph.D. program) a candidate must include the following information in the application:

1. Proof of a completed master’s degree in special education or an equivalent degree in a related discipline from a program that is accredited by an appropriate specialized accrediting agency or from a regionally accredited institution of higher education. Transcripts from universities outside the United States must be accompanied by a global credit evaluation from an accredited agency. A minimum grade point average (GPA) of 3.60 (on a 4.0 scale) overall for the master’s degree and in the major area of study in the master’s degree is expected; 2. Acceptable scores on the Graduate Record Examination (GRE): 156 (550) on the verbal portion and no less than a 4.5 on the writing sample. Applicants whose first language is not English must submit a current score for the Test of English as a Foreign Language (TOEFL) according to the standards established by Old Dominion University; 3. A minimum of three years teaching experience in a pre-K – 12 setting with students with disabilities; 4. A 500-800-word statement of academic and professional goals. This statement must describe the applicant’s research agenda to meet his/her academic and professional goals; 5. A professional curriculum vitae; 6. Three letters of reference from individuals capable of commenting on the applicant’s readiness for advanced graduate study. At least two of these letters must be from academic sources. If a non-academic letter of reference is necessary, it should be from a professional source; and 7. Evidence of prior course work in statistics and in theories of learning. If this requirement is not met, a student may be admitted, and additional course work will be added to the candidate’s program of study.

Admissions Process

Admission to the special education Ph.D. program occurs on a two-year cycle with new students admitted every other year. As such, admission to the program is competitive, with the number of applications expected to exceed the number of available openings. In order to enhance the experience of the students and to increase the efficiency by which courses are offered, a cohort of 10 students will be admitted each year. This limited number of students is necessary to ensure that there is an adequate number of full-time faculty to serve the students through advising and other duties, particularly when the cohorts reach the dissertation stage of the program. Applicants must submit the application package, including the online graduate student application and all related materials no later than March 1 of the admission cycle year.

Once the application deadline has passed, complete application packages will be initially reviewed by the special education Ph.D. program admissions committee. Following the preliminary review of complete applications, the admissions committee will invite eligible applicants to participate in a two-part interview, including a formal interview with the special education Ph.D. program faculty and a one-hour, proctored spontaneous writing session during which applicants will compose a spontaneous response to a question regarding special education policy and procedure in the United States.

Continuance

Students must:

1. maintain a grade point average of 3.00 overall;
2. complete the CITI Responsible Conduct of Research training modules. See https://www.odu.edu/education/resources/conduct-of-research-instructions (https://www.odu.edu/education/resources/conduct-of-research-instructions/);
3. complete an annual continuance review;
4. complete a one-time written continuance evaluation; and
5. successfully complete all competencies relative to their program of study.

Exit

In order to complete the program, students must fully complete the curriculum below and all requirements noted elsewhere in the University catalog for graduate students and within the Ph.D. in Education Handbook. It is the responsibility of the student to obtain these materials and comply with all requirements.
Program Requirements

The Ph.D. in education with a concentration in special education is comprised of courses totaling a minimum of 60 academic credit hours beyond the master’s degree. The curriculum includes a content concentration totaling 24 credit hours, an introductory core of nine hours, a research component including 15 credit hours, and the dissertation, which will include a minimum of 12 hours. The dissertation will often include more than 12 credit hours depending on the length of time necessary for completion. Students entering the program may also need to complete one introductory statistics course if they have not had such a course or cannot demonstrate competency at a satisfactory level. Students who enter the PhD program with a master’s degree in an academic field that is unrelated to special education and/or who have not completed courses to develop competency in specified areas may need to complete additional prerequisite course work.

Total Hours: 64-66

* With approval of the graduate program director, elective courses may be substituted for those within the special education core. This allows students to take up to 6 hours as electives. Such substitutions must be approved in writing. Electives may be taken in other areas in the College of Education (e.g., educational leadership, higher education, early childhood education, instructional design and technology) or in other colleges with the approval of the appropriate graduate program director or department.

Due to changing University requirements, national accreditation standards, and Commonwealth licensure regulations, the programs in the Darden College of Education and Professional Studies are under constant revision. Any changes resulting from these factors supersede the program requirements described in the catalog. Students are encouraged to obtain current program information from their advisors and the Darden College of Education and Professional Studies website at http://www.odu.edu/education (http://www.odu.edu/education/).

Practicum Experiences Policy

A candidate may participate in a course with a practicum experience through one of two tracks:

1. A candidate may be eligible to participate in the early practicum experience course if the candidate has been admitted into an approved teacher education program. This requires that candidates pass the Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Department of Education Assessment for admission to an approved teacher education program (see Practicum Experiences Policy). In addition, candidates must meet the GPA for their individual programs, professional education courses, and minimum grade requirements, along with any other course prerequisites.

2. A provisionally licensed teacher may participate in an early practicum course if the teacher is currently employed with a school division, has a letter from the Virginia Department of Education listing the course as a needed requirement, and has passing Virginia Communication and Literacy Assessment (VCLA) scores. The provisionally licensed teacher will have to meet all the requirements of the course as stated in the syllabus.

3. Candidates seeking admission to an approved teacher education program must satisfy one of the Virginia Department of Education Prescribed Assessment for Admission to an Approved Teacher Education Program. This requirement can be satisfied by meeting a passing score in one of the selected criteria below:

   a. Passing Praxis I composite score of 532 (before January 1, 2014) or passing scores on the Praxis Core Academic Skills for Educator Tests; or
   b. Approved substitute test score for Praxis I/Praxis Core Academic Skills for Educator Tests:
      i. SAT score of 1000 with at least 450 verbal and 510 mathematics taken prior to April 1, 1995; or
      ii. SAT score of 1100 with at least 530 verbal and 530 mathematics taken after April 1, 1995; or
      iii. ACT composite score of 21 with ACT mathematics score of less than 21, and ACT English plus Reading score of no less than 37, taken prior to April 1, 1995. ACT scores taken prior to 1989 are not valid; or
      iv. ACT composite score of 24 with ACT mathematics score of less than 22, and ACT English plus Reading score of no less than 46, taken after April 1, 1995; or
      v. Praxis I Math test score of 178 or Praxis Core Academic Skills for Educator Math Test score of 150 and a composite Virginia Communication and Literacy Assessment (hereafter referred to as the VCLA) composite score of 470; or
      vi. SAT Mathematics test score of at least 510 taken prior to April 1, 1995 and a VCLA composite score of 470; or
      vii. SAT Mathematics test score of at least 530 taken after April 1, 1995 and a VCLA composite score of 470; or

Department of Communication Disorders and Special Education
The following minimum requirements are necessary to be considered for transcripts to ODU prior to graduate enrollment.

- An undergraduate degree and will be required to submit final official transcripts.
- Entering the master's degree program in speech-language pathology must possess an undergraduate degree from an institution accredited by a regional accrediting body or an equivalent degree from a foreign institution;
- ACT Mathematics test score of at least 21 taken prior to April 1, 1995 and a VCLA composite score of 470;
- ACT Mathematics test score of at least 22 taken after April 1, 1995 and a VCLA composite score of 470.

**Master of Science – Speech-Language Pathology**

240 Child Study Center
757-683-4117

Stacie Raymer, Graduate Program Director

The Master of Science - Speech-Language Pathology program is accredited by the Council on Academic Accreditation (CAA) in Audiology and Speech-Language Pathology, which is affiliated with the American Speech-Language-Hearing Association (2200 Research Boulevard #310, Rockville, Maryland 20850, phone: 800-498-2071 or 301-296-5700). The degree prepares professionals to meet certification standards to apply for the Certificate of Clinical Competence in Speech-Language Pathology through a curriculum and clinical activities that guide student to understand, identify, assess, and structure intervention programs for children and adults who present a wide array of speech, language, and swallowing disorders.

Students engage in supervised on-campus practica in the ODU Speech and Hearing Clinic/Scottish Rite Center for Childhood Speech and Language Disorders. They also complete two off-campus externships in settings such as public schools, hospitals, private practice settings, rehabilitation centers, and clinics. Graduate students also must successfully pass a written comprehensive examination. All students must complete the national examination in Speech-Language Pathology (Praxis) and paperwork for ASHA certification upon graduation. Student outcome data and the program strategic plan can be accessed on the program website (https://odu.edu/cdse/academics/slpa/msed-slp).

**Application and Admission**

Application to the ODU graduate program in speech-language pathology is a two-step process. First, students submit an application through Communication Sciences and Disorders Centralized Application System (CSDCAS, https://cscr.as.org/csdcas-students/). The deadline to submit all documents (transcripts, letters, essay) to CSDCAS is February 1 of each year. Second, students must go to the ODU graduate application system (www.odu.edu/admission/graduate) to complete an application and submit unofficial transcripts to ODU. No additional documents are needed with the ODU application. Admission decisions take place after March 1.

Students with and without an undergraduate degree in speech-language pathology/communication sciences and disorders are eligible for acceptance into the program. The normal matriculation for a student who has completed undergraduate requirements in the field is two full years (6 semesters) of full-time enrollment. Students who do not hold an undergraduate degree in the field typically require two additional semesters to complete prerequisite and required master’s degree coursework (8 semesters total). Prerequisite courses which can be accepted from other institutions include anatomy of speech and language, phonetics, articulation/phonological disorders, voice/fluency disorders, language development, speech science, audiometry, and aural rehabilitation.

Admission to the graduate program in speech-language pathology is granted after a competitive review completed by the program faculty. Individuals seeking the master’s degree program in speech-language pathology must possess an undergraduate degree and will be required to submit final official transcripts to ODU prior to graduate enrollment.

The following minimum requirements are necessary to be considered for admission to the program's competitive application cycle:

1. A baccalaureate degree from an institution accredited by a regional accrediting body or an equivalent degree from a foreign institution;
2. An undergraduate grade point average of 2.80 or better;
3. Graduate Record Examination (GRE) suggested minimum scores of 146 verbal, 140 quantitative, and 4.0 analytic. Students meeting these minimal scores enter a selection pool of candidates;
4. Three letters of recommendation, at least two of which should be from prior university instructors;
5. A 500 word essay describing the student’s personal experiences and background that influence their potential to meet professional practice competencies (accountability, integrity, cultural competence, collaborative practice).

**Continuance**

Students must:

1. Maintain a grade point average of 3.00;
2. Satisfactorily complete all practica and externships;
3. Earn no more than two grades below B-.
4. Complete prerequisite competencies (25 observation hours) in order to be admitted to clinical practica;
5. Receive permission from the faculty in order to be admitted to any clinical practicum;
6. Complete the CITI Responsible Conduct of Research training modules. See https://odu.edu/education/resources/conduct-of-research-instructions/.
7. Complete an exit interview with the graduate program director.

**Comprehensive Examination**

All students seeking a master's degree in speech-language pathology are required to successfully complete a written comprehensive examination. Areas of examination are based upon program coursework and related areas of professional preparation. If any area is not successfully completed during the first administration, the student is allowed only one more attempt. Failure of any question on the second administration leads to expulsion from the program.

**Program Requirements**

All students who have met prerequisite requirements must complete a minimum of 57 semester hours of graduate study in speech-language pathology (42 academic credits and 15 clinical credits). Students are expected to satisfy all professional, academic, and clinical requirements and demonstrate professional, ethical, and communication behaviors commensurate with the standards of the profession.

COMMUNICATION DISORDERS AND SPECIAL EDUCATION Courses

CDSE 595. Topics in Education. 1-6 Credits.
Selected topics in education.

CDSE 597. Independent Study in Special Topics in Education. 1-4 Credits.
Independent study of selected topics.

CDSE 636. Problems in Education. 3 Credits.
Application of research procedures culminating in student study of selected topics.

CDSE 695. Topics in Education. 1-3 Credits.
This course offers selected topics designed to permit small groups of qualified students to work on subjects of mutual interest in the special education field. Prerequisite: permission of the instructor.

CDSE 697. Independent Study in Communication Disorders & Special Education. 1-3 Credits.
Independent study of special topics in communication disorders and special education. Prerequisite: permission of the instructor.

CDSE 699. Thesis. 3-6 Credits.
Supervised graduate student research. Prerequisites: permission of instructor.

CDSE 795. Topics in Education. 1-3 Credits.
The advanced study of selected topics and emergent research related issues that permits small groups of qualified students to study subjects of mutual interest, which, due to their specialized nature, may not be offered regularly. Prerequisite: permission of instructor.

CDSE 797. Independent Study in Communication Disorders & Special Education. 1-3 Credits.
Independent study of special topics in communication disorders and special education for advanced graduate students. Prerequisite: permission of the instructor.

CDSE 895. Topics in Education. 1-3 Credits.
The advanced study of selected topics and emergent research related issues that permits small groups of qualified students to study subjects of mutual interest, which, due to their specialized nature, may not be offered regularly. Prerequisite: permission of instructor.

CDSE 897. Independent Study in Communication Disorders & Special Education. 1-3 Credits.
Independent study of special topics in communication disorders and special education for doctoral students. Prerequisite: permission of the instructor.

CDSE 998. Master’s Graduate Credit. 1 Credit.
This course is a pass/fail course for master's students in their final semester. It may be taken to fulfill the registration requirement necessary for graduation. All master's students are required to be registered for at least one graduate credit hour in the semester of their graduation.

CDSE 999. Doctoral Graduate Credit. 1 Credit.
This course is a pass/fail course doctoral students may take to maintain active status after successfully passing the candidacy examination. All doctoral students are required to be registered for at least one graduate credit hour every semester until their graduation.

COMMUNICATION SCIENCES AND DISORDERS Courses

CSD 549. Clinical Procedures in Speech-Language Pathology. 3 Credits.
This course teaches students basic clinical procedures and competencies in speech-language pathology with an emphasis on language sampling and identification of grammatical categories, skills that professionals practicing in the field of speech-language pathology require. Prerequisite: permission of the instructor.

CSD 551. Articulation and Phonological Disorders. 3 Credits.
This course emphasizes causes, identification and treatment of articulation and phonological disorders. Pre- or corequisites: Permission of instructor.

CSD 552. Voice and Fluency Disorders. 3 Credits.
This content of this course focuses on the basic tenets related to fluency and voice disorders. Its purpose is to introduce students to the basic terminology, concepts of the role of articulation, phonation, and respiration as they relate to both fluency and voice disorders. Diagnosing and treating fluency and voice disorders will be discussed.

CSD 553. Language Development. 3 Credits.
This course emphasizes language development from the perspective of the speech-language pathologist.

CSD 556. Clinical Skills in Communication Sciences and Disorders. 3 Credits.
In this course, speech-language pathology students will learn practical and foundational clinical implementation skills necessary for professional practice in assessment and intervention for communication sciences and disorders. Prerequisites: Students in the speech-language pathology graduate program.

CSD 558. Speech and Hearing Science. 3 Credits.
The content of this course focuses upon basic acoustics, speech acoustics, psychoacoustics, speech perception, and clinical laboratory instrumentation. The course is designed to provide fundamental information regarding normal and abnormal aspects of speech and hearing processes. Prerequisites: Grade of C- or better in CSD 460 or CSD 560.

CSD 560. Hearing Disorders and Basic Audiology. 3 Credits.
A study of the physics of sound, anatomy, and physiology of the human ear, basic audiology and hearing disorders.

CSD 561. Aural Rehabilitation I. 3 Credits.
A study of audiological findings and the implications for hearing therapy; speech and language development of the deaf.

CSD 612. Evidence-Based Research in Speech-Language Pathology. 3 Credits.
This course will provide students with a background in research design by examining elements of quality research methods. Students will learn how to identify reputable research outcomes that influence clinical decisions in speech-language pathology.

Department of Communication Disorders and Special Education
CSD 649. Clinical Procedures in Speech-Language Pathology. 3 Credits.
This course teaches students basic clinical procedures and competencies in speech-language pathology with an emphasis on language sampling and identification of grammatical categories, skills required by professionals practicing in the field of speech-language pathology. Prerequisites: Permission of instructor.

CSD 651. Language Disorders: School-Aged Children. 3 Credits.
This course focuses on the relationship between spoken and written language and its role in language-based learning disabilities in school-aged students. It addresses the characteristics of language, reading, and spelling impairments; the subtypes of these disorders; and the different assessment and intervention approaches used with them. Prerequisites: CSD 453 or CSD 553 or permission of the instructor.

CSD 652. Articulation and Phonological Disorders. 3 Credits.
The principal emphasis of this course is clinical intervention for phonological and articulation disorders including motor speech disorders. Prerequisite: CSD 551.

CSD 653. Language Disorders: Birth to Five Years. 3 Credits.
An advanced study of the diagnosis and intervention for infants and preschoolers with suspected language disorders arising from a variety of etiologies. This course has a particular emphasis on assessment and intervention using principles of evidence-based practice. Prerequisites: CSD 453/CSD 553 or permission of instructor.

CSD 655. Voice and Resonance Disorders. 3 Credits.
The purpose of this course is to investigate the etiologies, communicative disorders, diagnostic methods, and therapeutic techniques related to voice and resonance disorders. Prerequisites: Permission of instructor.

CSD 656. Theories and Therapies in Stuttering. 3 Credits.
This course emphasizes current etiological theories, research, diagnostic procedures and therapeutic techniques related to stuttering.

CSD 657. Aphasia. 3 Credits.
The objective of this course is to investigate the etiologies, communicative disorders, diagnostic methods and therapeutic techniques related to aphasia, dyslexia and dysgraphia related to acquired neurologic conditions.

CSD 658. Swallowing Disorders. 3 Credits.
This course reviews the structures and neural bases of swallowing, common etiologies that cause dysphagia, and clinical techniques used in assessment and management of swallowing disorders in pediatric and adult populations.

CSD 659. Augmentative and Alternative Communication Disorders. 3 Credits.
This course will identify populations that may benefit from Augmentative and Alternative Communication Disorders (AAC), describe the assessment process relative to AAC and tenets of intervention, provide information regarding legal issues related to AAC, and demonstrate how to acquire and use AAC instrumentation. Prerequisites: Permission of instructor.

CSD 660. Procedures in Audiology. 3 Credits.
Advanced study of the physics of sound, anatomy, and physiology of audition, hearing disorders, and audiometric procedures, providing knowledge and skills necessary for a speech-language pathologist.

CSD 662. Cognitive-Communication Disorders. 3 Credits.
The objective of this course is to investigate the etiologies, cognitive impairments, communication manifestations, diagnostic methods and therapeutic techniques related to traumatic brain injury, right hemisphere brain damage, and various dementias. Prerequisites: Permission of instructor.

CSD 663. Clinical Perspectives on Autism Spectrum Disorders. 3 Credits.
Students in this class will study diagnostic and intervention methods necessary for speech-language pathologists treating people diagnosed with Autism Spectrum Disorders. Prerequisite: CSD 453/CSD 553 or equivalent.

CSD 668. Advanced Clinical Externship in Speech-Language Pathology. 3 Credits.
In this externship, students will apply advanced speech-language pathology techniques in diagnosis and intervention for individuals with communication and swallowing disorders in medical or educational settings. Students will work full time in an off-campus facility to complete clock hours for certification purposes. Pre- or corequisite: Passing grade in CSD 669, and permission of faculty.

CSD 669. Clinical Practicum in Speech-Language Pathology I, II, III. 3 Credits.
These practica are designed to provide students with experiences in the evaluation and treatment of a variety of communication disorders in children and adults. Pre- or corequisite: CSD 351, CSD 352, CSD 451/CSD 551, CSD 453/CSD 553, CSD 460/CSD 560 (or equivalents) and permission of program faculty.

CSD 750. Neuromotor Speech Disorders. 3 Credits.
The content of this course focuses on the neurological bases of speech, disorders of speech production associated with neurologic diseases, as well as methods for evaluation and treatment of those disorders.

CSD 850. Neuromotor Speech Disorders. 3 Credits.
The content of this course focuses upon the structural and neurological bases of speech disorders, particularly those related to laryngeal and central nervous system pathologies. Advanced expertise in neuromotor speech disorders will be developed along with in depth familiarity and analysis of related literature.

SPECIAL EDUCATION Courses

SPED 500. Foundations of Special Education: Legal Aspects and Characteristics. 3 Credits.
The course provides an introduction and overview of the field of special education from the perspective that it is a subsection of general education and that the field is in transition by virtue of philosophical, legislative and programmatic changes. Legal aspects, regulatory requirements, and critical analyses of research are addressed. This course includes a broad overview of the expectations associated with the identification, characteristics, and education of students with disabilities. Prerequisite: junior standing.

SPED 502. Instructional Design I: Learner Characteristics and Assessment. 3 Credits.
The intent of this course is to provide pre-service teachers with: (a) knowledge of the characteristics of students with mild disabilities who are accessing the general curriculum, K-12, including, but not limited to learning disabilities, emotional disabilities and intellectual disabilities and (b) the ability to develop knowledge and skill in the selection, administration, scoring and interpretation of standardized/norm-referenced assessments of exceptional learners. Administering formal and informal assessment tools and the development of an IEP are emphasized. The use of assessment data to improve instruction and student performance is discussed. Prerequisites: a grade of C- or higher in SPED 400 or a grade of B- or higher in SPED 500.

SPED 504. Characteristics and Medical Aspects of Disabling Conditions. 3 Credits.
This course reviews medical conditions present among individuals with disabilities and implications for classroom instruction. Prerequisites: SPED 400 or SPED 500.

SPED 506. Students with Diverse Learning Needs in the General Education Classroom. 3 Credits.
This course introduces general education teachers to the legal aspects and educational needs of at-risk students and those with disabilities. Emphasis is on characteristics of children with special needs and procedures for effective academic, behavioral, and social integration of these children in the general education classroom. Prerequisites: junior standing.
SPED 511. Classroom and Behavioral Management Techniques for Students with Diverse Needs. 3 Credits.
This course will address classroom management techniques and individual interventions based upon behavioral, cognitive, affective, social, and ecological theory and practice. The course will focus on the field of applied behavior analysis, including best practices in the areas of data collection, program selection, program implementation, and data analysis. Positive behavior management and supports and functional behavioral assessment will be emphasized. Pre- or corequisite: a grade of C- or higher in SPED 400 or a grade of B- or higher in SPED 500.

SPED 515. Instructional Design II: Curricular Procedures and Individualized Education Planning. 3 Credits.
The intent of this course is to provide preservice teachers with: (a) knowledge of research-based instruction for K-12 students with disabilities and those who are gifted; (b) knowledge and skill in using data collection to make decisions about student progress, instruction, program, accommodations and teaching methodology for exceptional learners, and (c) knowledge and skill in planning, developing and implementing individual educational plans and group instruction for diverse exceptional learners who are accessing the general education curriculum and the Virginia Standards of Learning. Practicum of 45 hours required. Prerequisites: a grade of C- or higher in SPED 400 and SPED 402 or a grade of B- or higher in SPED 500 and SPED 502, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 517. Collaboration and Transitions. 3 Credits.
This course addresses the complex issues surrounding families and children with disabilities and transitions across the lifespan, as well as effective collaboration with families and professionals to support inclusion and/or effective early intervention services, educational programs and transition services for students at-risk and students with disabilities. Emphasis is on successful professional collaboration and effective relationships in educational, transition, and family settings. Pre- or corequisite: SPED 400/SPED 500.

SPED 518. Instructional Strategies to Meet Diverse Learning Needs in Math. 3 Credits.
This course covers instructional strategies necessary to teach mathematics to students with diverse learning needs in elementary and secondary settings. Students will study and apply pedagogy-based research on how learning takes place and strategies for differentiating instruction for the unique needs of diverse learners. Students will address and apply effective research-based methodology and evaluation standards. Prerequisites: Permission of instructor.

SPED 528. Instructional Strategies for Students Accessing the Adapted Curriculum. 3 Credits.
This course addresses the characteristics and instructional strategies of students accessing the adapted curriculum. Emphasis is on assessment, program development, academic, and functional skills instruction. This course addresses the needs of individuals with severe and/or profound multiple disabilities. 45 Hour Practicum Prerequisites: a grade of C- or higher in SPED 400 and SPED 411 or a grade of B- or higher in SPED 500 and SPED 511, and passing scores on the Praxis Core Academic Skills for Education Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 532. Characteristics of Students with Visual Impairments. 3 Credits.
This course provides an overview of the characteristics of and services to persons with visual impairments, including the impact of visual impairment on infants’ and children’s growth and development, child and adolescent emotional and social development, and family interaction patterns. Considers the educational, conceptual, psycho-social, and physical implications of a visual impairment. Prerequisites: SPED 400/SPED 500.

SPED 533. Braille Code. 3 Credits.
This course provides instruction in the development, use, and application of the Braille literary code and its implications for educational/literacy programs for students with visual disabilities. Students will develop the skills to read and write contracted and uncontracted Braille, while acquiring instructional methodologies for teaching children who are blind to read and write. Sources of Braille materials for educational purposes are identified. Pre- or corequisite: SPED 400/SPED 500 and SPED 432/SPED 532.

SPED 534. Medical and Educational Implications of Visual Impairments. 3 Credits.
Provides an introduction to anatomy and physiology of the visual system and the educational implications of visual pathology. Topics include anatomy of the human eye, normal visual development, pathology of the eye, examination procedures for the identification of visual pathology, and the effects of pathology on visual learning and development. Practicum of 25 hours required. Prerequisites: passing Praxis Core Academic Skills for Educator Tests scores or equivalent as prescribed by the Virginia Board of Education. Pre- or corequisite: SPED 400/SPED 500 and SPED 432/SPED 532.

SPED 535. Orientation and Mobility. 2 Credits.
Provides the foundation for understanding the components and essence of orientation and mobility. Establishes how the need for independent travel in the blind population created the field of O&M. Explores the philosophy and history of orientation and mobility including cane instruction, dog guides and methods of travel. Addresses techniques in developing orientation skills and basic mobility instruction. Motor and concept skill development are emphasized. Practicum of 45 hours required. Prerequisites: Passing Praxis Core Academic Skills for Educator Tests scores or equivalent as prescribed by the Virginia Board of Education. Pre- or corequisite: SPED 400/SPED 500 and SPED 432/SPED 532.

SPED 536. Curriculum and Assessment of Students with Visual Impairments. 3 Credits.
Provides students with knowledge and understanding of the educational assessment of students with visual impairments and additional disabilities including deaf-blindness. Students will practice assessing and planning educational programs for students with visual impairments. Addresses assessment of technology for students with visual impairments. Examines determination of learning needs and appropriate learning media, relationship of assessment, IEP development, and placement. Practicum requires a minimum of 25 hours. Prerequisites: passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education. Pre- or corequisite: SPED 400/SPED 500 and SPED 432/SPED 532.

SPED 537. Assistive Technology for People with Sensory Impairments. 3 Credits.
This course is designed for professionals and/or students interested in serving the visually impaired/blind population or hearing impaired/deaf population. It is designed to heighten the awareness of participants to specific technology and resources available to enhance and improve the ability of individuals with visual and hearing impairments to succeed in school, daily living activities and employment. Knowledge and awareness components of this course will be delivered via distance education. Pre- or corequisite: SPED 400 or SPED 500 and SPED 432 or SPED 532.

SPED 540. Assistive Technology for Diverse Students. 3 Credits.
This course provides lectures for pre-service and in-service teachers, and related service providers of special populations in use of assistive technology (AT) devices and services, and augmentative and alternative communication (AAC) systems for instructional programs and computer applications. Study will involve compliance with federal and state laws, and national and state educational standards related to providing assistive technology to students with diverse learning needs. Prerequisite: SPED 400/SPED 500.
SPED 400. Field Experience Seminar in Special Education. 1 Credit.
Explores issues, problems, concerns and processes related to teaching and entering the profession of teaching. Passing scores on the Virginia Communication and Literacy Assessment (VCLA), Praxis II: Elementary Education Content Test, and Virginia Reading Assessment (VRA)/Reading for Virginia Educators (RVE) will be required by the end of the course. Prerequisites: SPED 313, SPED 400/SPED 500 and SPED 402/SPED 502.

SPED 560. Teaching Preschoolers With Diverse Needs. 3 Credits.
This course prepares students in developing skills in curricula, materials, and methods of instruction for preschool-aged (2-6 years) children with diverse needs. Programming for personal-social, language, motor, and cognitive development are addressed. Data collection, programmatic organization, and classroom planning are covered. Practicum of 45 hours required. Prerequisite: SPED 400 or SPED 500 and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 561. Developmental/Ecological Assessment Strategies. 3 Credits.
This course provides students with the skills necessary for assessment of atypical development as well as best practices involved in assessment. Students explore and give assessments to children from birth through eight years of age or older with severe disabilities. Practicum of 45 hours required. Pre- or corequisite: a grade of C- or higher in SPED 400 or a grade of B- or higher in SPED 500 and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 566. Collaboration, Transitions and Infant-Family Intervention. 3 Credits.
This course prepares professionals from cross-discipline backgrounds to serve families with children who are at-risk and disabled from birth to age three. Emphasis is placed on development of IFSPs, procedures, materials, transitions, and curricula for this population. Observation of 20 hours in an infant-toddler program is required. Pre- or corequisite: a grade of C- or higher in SPED 400 or a grade of B- or higher in SPED 500.

SPED 567. Communication/Language Development/Intervention for Students with Significant Disabilities. 3 Credits.
This course examines symbolic and non-symbolic communication/language development and acquisition. Emphasis is on routine-based communication training, communication/language facilitation strategies, augmentative communication systems, and informal/functional communication/language assessment procedures for students in early childhood special education, students with autism, and students with multiple disabilities. Prerequisites: a grade of C- or higher in SPED 400 or a grade of B- or higher in SPED 500.

SPED 568. Teacher Candidate Internship for Special Endorsement. 9 Credits.
Seven weeks will be completed at the elementary level and seven weeks will be completed at the middle/secondary level. Prerequisites: admission to ODU Teacher Education Program; completion of the approved teacher education program in the specific endorsement area; completion of SPED 583; departmental approval; passing scores on Praxis Core Academic Skills for Educator Tests (or equivalent as prescribed by the Virginia Board of Education); passing scores on Virginia Communication and Literacy Assessment (VCLA), the Virginia Reading Assessment (VRA)/Reading for Virginia Educators (RVE), and the appropriate Praxis II content examination.

SPED 595. Topics in Special Education. 1-3 Credits.
This course offers selected topics designed to permit small groups of qualified students to work on subjects of mutual interest in the special education field. Prerequisites: SPED 400/SPED 500.
SPED 615. Behavior Change in Classroom. 3 Credits.
This course will focus on the following elements of effective management:
integration of instruction for positive learning environment; strategies to provide students the opportunity to be successful academically, emotionally, and socially; assessment of and modifying the learning environment; and group and individualized strategies to affect behavior change in order to increase student learning.

SPED 618. Characteristics and Advanced Procedures: Emotional and Behavioral Disorders. 3 Credits.
This course addresses characteristics and various approaches to the education and treatment of emotional/behavioral disorders. Emphasis is on group/individualized programming that addresses social, emotional, academic and behavioral needs. Behavior measurement and direct observation, problem behavior specification, intervention development and implementation, data collection and analysis, curricular adaptation, and teacher collaboration skills for successful regular classroom reintroduction and transition are also discussed. Practicum of 45 hours required.
Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 620. Advanced Special Education Law and Ethics. 3 Credits.
This course provides in-depth research and nuanced application of federal regulations (Individuals with Disabilities Education Act [IDEA]; the Rehabilitation Act of 1973; Section 504; the No Child Left Behind Act of 2001, and the Americans with Disabilities Act [ADA]), case law, current special education legal issues, and ethical conduct for individuals seeking an advanced special education degree. This course is not suitable for individuals seeking initial licensure in special education. Prerequisite: SPED 400/SPED 500.

SPED 621. Effective Interventions for Children and Youth with Challenging Behavior. 3 Credits.
Students with challenging behavior pose a tremendous challenge to school personnel. Along with the growing incidence of behavior problems, there has been a dramatic increase in the number of research-supported interventions. Emphasis is on assessment of the structural and functional properties of problem behavior to facilitate development of interventions that match the nature and severity of the problem behavior. The course focuses on gaining knowledge of the likely source(s) of challenging behavior, including various strategies to document the environmental determinants of the behavior, establishment of school-wide, classroom-level, and student-specific intervention programs and ways to document the outcome of those interventions. Attention is given to adult- as well as peer-mediated intervention options for problem behavior reduction/ replacement among children and youth from diverse backgrounds and across categories of exceptionality. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 411/SPED 511, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 622. Advanced Collaboration and Lifespan Transitions. 3 Credits.
This course provides students opportunities to develop advanced competencies and skills in collaborative consultation and delivery of special education services to individuals with disabilities across the continuum of educational settings and lifespan transitions. This course has applications for special education teachers, other professional educators, and related service providers.

SPED 623. Characteristics and Advanced Procedures: Intellectual Disabilities. 3 Credits.
The course examines the characteristics and various approaches to the education and treatment of students with intellectual disabilities and developmental disabilities. Assessment, curriculum development, instructional design, appropriate placement setting, transition and utilization of environmental resources are emphasized. Practicum of 45 hours required.
Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 625. Characteristics of Students with Autism Spectrum Disorders. 3 Credits.
This course includes a review of characteristics, etiology, prevalence, and perspectives of students with autism spectrum disorders. Prerequisites: SPED 400/SPED 500.

SPED 626. Characteristics and Advanced Procedures: Learning Disabilities. 3 Credits.
This course provides the professional educator with a variety of educational procedures for students with learning disabilities, including diagnostic assessment, causal nature, and research based instructional strategies for teaching students with learning disabilities. This course has an applied emphasis and includes a 45-hour practical experience with students with learning disabilities. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 627. Instructional Strategies for Students with Autism Spectrum Disorders. 3 Credits.
This course includes a review of intervention strategies for students with autism spectrum disorders. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 628. Instructional Strategies for Students Accessing the Adapted Curriculum. 3 Credits.
This course addresses the characteristics and instructional strategies of students accessing the adapted curriculum. Emphasis is on assessment, program development, academic, and functional skills instruction. This course addresses the needs of individuals with severe and/or profound multiple disabilities. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 411/SPED 511, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 630. Teaching Preschoolers with Disabilities. 3 Credits.
This course is designed to prepare students in curricula, materials and methods of instruction for preschool-aged (2 to 6 years) children with special needs. Programming for self-help, social, language, motor, and cognitive development are addressed. Data collection, program organization, and classroom planning are also covered. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500 and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 631. Developmental and Ecological Assessment Strategies. 3 Credits.
This course provides students with the skills necessary for assessment of atypical early development as well as best practices in assessing functional skills in students with severe disabilities. Students will explore and give assessments to children from birth to 6 years of age with severe/multiple/profound disabilities. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500 and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

SPED 633. Teaching Students with Severe Physical and Sensory Motor Disabilities. 3 Credits.
This course reviews techniques for working with students who have severe physical and sensory motor disabilities. Emphasis is on proper positioning and handling for students with atypical motor/muscle development who function at developmental levels between birth and five years. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500 and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.
**SPED 637. Infant/Family Intervention and Teamwork, 3 Credits.**
This course prepares professionals from cross-discipline backgrounds to serve families with children who are at-risk and disabled from birth through age three. Emphasis is placed on the development of the individualized family service plan (IFSP), procedures, materials, and curriculum for this population. A family-centered approach is stressed. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 630, and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

**SPED 638. Teaching Methods for Students with Visual Impairments, 3 Credits.**
This course emphasizes methods of teaching compensatory skills, the core curriculum, and technology for use by students who are blind and visually impaired. It addresses curriculum development, adaptations, and teaching methodology for individuals with visual impairments. In addition, it provides information on adaptations within various educational programs and adaptation of general education classroom materials and procedures for use with blind and low vision children and youth. Prerequisites: passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education. Pre- or corequisite: SPED 400/SPED 500 and SPED 432/SPED 532.

**SPED 639. Braille Reading and Writing, 3 Credits.**
Provides instruction on transcription of advanced braille codes, including: mathematics (UEB and Nemeth) music, foreign language, and other specialized codes. Introduces techniques for teaching skills in each code. Explores technology tools used to create braille and tactile materials in addition to other assistive technologies used for instruction in STEM content. Practicum requires a minimum of 15 hours. Prerequisites: SPED 433/SPED 533 and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education. Pre- or corequisite: SPED 400/SPED 500 and SPED 432/SPED 532.

**SPED 640. Applied Behavior Analysis: Concepts and Principles, 3 Credits.**
This course focuses on the concepts and principles of applied behavior analysis; identification of factors that increase or decrease the probability of behavior under specific circumstances. Prerequisites: Permission of the instructor.

**SPED 641. Applied Behavior Analysis: Empirical Bases, 3 Credits.**
Applications of single-case experimental research designs to the analysis of behavior with emphasis on measurement, visual display of data, and interpretation of results. Pre- or corequisite: SPED 640 or permission of the instructor.

**SPED 642. Ethics and Professional Conduct for Behavior Analysts, 3 Credits.**
State licensure, national certification, disciplinary systems, and professional conduct for behavior analysts. Prerequisites: SPED 640 or permission of the instructor.

**SPED 643. Applied Behavior Analysis: Assessments and Interventions, 3 Credits.**
Identification and assessment of problem behavior and socially-appropriate behaviors, implementation of function-based intervention plans, and design of environments to prevent and address problem behavior. Prerequisites: SPED 640 or permission of the instructor.

**SPED 644. Applied Behavior Analysis: Applications, 3 Credits.**
Application of concepts and principles of behavior analysis to a wide range of populations, settings, and behaviors within the context of more sophisticated clinical and professional issues and environments. Prerequisites: SPED 640, SPED 641, and SPED 643 or consent of the instructor. Pre- or corequisite: SPED 643.

**SPED 645. Applied Behavior Analysis: Verbal Behavior, 3 Credits.**
B.F. Skinner's analysis of verbal behavior and the design, development, and implementation of curriculum, language and communication interventions for individuals with language delays. Prerequisites: SPED 643 or permission of the instructor.

**SPED 646. Applied Behavior Analysis: Personnel Supervision and Management, 3 Credits.**
Application of behavior analytic principles and procedures to personnel supervision and management as well as implementation of evidence-based practices to provide effective supervision to enhance personnel performance across a variety of organizational settings. Prerequisites: Admission to the Applied Behavior Analysis Certificate Program; completion of SPED 640 and SPED 641.

**SPED 669. Directed Field Internship Special Education, K-12, 1-6 Credits.**
The course provides supervised involvement in a practicum setting where the student and the instructor work together closely to develop curricula and gain expertise in teaching specific topics of importance to special educators. 50 hours per credit. Prerequisites: appropriate graduate instructional strategies course work and passing scores on Praxis Core Academic Skills for Educator Tests or equivalent as prescribed by the Virginia Board of Education.

**SPED 670. Transition and Community-Based Instruction, 3 Credits.**
This course provides an overview of the role of special educators in preparing students with severe disabilities for post-secondary vocational, residential, educational, community, and recreational settings. Emphasis is placed on developing appropriate curricula, involving students and their families in planning, implementing and evaluating transition programs, and helping students to access the services needed to be successful in adult life. Prerequisites: SPED 400/SPED 500.

**SPED 671. Positive Behavior Supports, 3 Credits.**
This course is designed specifically for teachers and other professionals working with individuals who have moderate to severe disabilities, including autism, or with young children who have disabilities. It is required for endorsement in Adapted Curriculum and Early Childhood Special Education. The primary focus is upon the concepts and skills needed (a) to design, implement, and evaluate individualized behavior support programs which derive from functional behavioral assessment, (b) to use effective teaching strategies to build relevant replacement skills, (c) to facilitate generalization and maintenance of skills, (d) to incorporate prevention strategies, (e) to improve the aspects of the student's environment that relate to the problem behavior, and (d) to incorporate, as appropriate, individually designed crisis intervention procedures Prerequisites: SPED 400/SPED 500 and passing scores on the Praxis Core Academic Skills for Education Tests.

**SPED 672. Curriculum and Assessment in Severe Disabilities, 3 Credits.**
This is an advanced level course in the Special Education, Adapted Curriculum Course Sequence, requiring prerequisite knowledge and skills in the discipline. The course is designed to help students develop or enhance their knowledge and skills related to best practices in curriculum and assessment. It is also designed for those preparing to teach individuals with severe disabilities who need an individualized, adapted approach to the general education curriculum. Three major components of the assessment process will be addressed: (1) initial diagnosis and assessment for establishing/maintaining eligibility for services and identifying needed supports and services; (2) assessment to develop standards-based IEPs and to create meaningful, functional, academically-based curricula within an inclusive framework; and (3) assessment to evaluate student progress for the IEP, the VAAP and state and national assessment mandates. Students will plan, develop, and implement a variety of assessment and curriculum activities with target students with severe disabilities within each of the three assessment components. Applied use of assistive technology will be integrated within the course. Prerequisites: SPED 400 and SPED 500 and passing scores on the Praxis Core Academic Skills for Education Tests.

**SPED 673. Communication and Severe Disabilities, 3 Credits.**
This course introduces professionals to augmentative and alternative communication (AAC) for individuals with severe speech and language impairments. It addresses the knowledge and skills that are needed to assess the potential AAC user, to make team decisions, to develop and implement instruction, and to evaluate the effects of instruction. The course is also aimed at motivating, building, and expanding communication, choice-making, and social interaction. Prerequisites: SPED 400/SPED 500.
SPED 674. Medical and Developmental Risk Factors for Children with Disabilities, 3 Credits.
This course examines the nature and causes of disabling or special health conditions. It covers screening and evaluation techniques, characteristics, and educational implications. Prerequisites: SPED 400/SPED 500.

SPED 675. Foundations of Language and Literacy for Diverse Learners, 3 Credits.
This course provides an understanding of the development of emergent and early literacy in developmentally-typical learners and learners with complex language and learning needs, as well as the inter-relationship of language and literacy development. Emphasis will be placed on identifying effective and research-based strategies for promoting and enhancing emergent literacy and early reading and writing skills for children and youth with language and intellectual disabilities and English language learners with disabilities. Field experience is required: course participants must identify an appropriate target student and engage in observation and assessment activities with that student and his/her family during the first half of the course. Final product includes the development of a literacy development plan for the student. Prerequisites: SPED 400/SPED 500 and passing scores on the Praxis Core Academic Skills for Education Tests.

SPED 676. Curriculum and Methods-Severe Disabilities, 3 Credits.
This course focuses on current best practices in curriculum and methods for students with severe disabilities, including specific strategies for teaching students with severe disabilities, general strategies for working with heterogeneous groups of students in inclusive settings, and methods for adapting the general education curriculum to include students with severe disabilities. Prerequisites: SPED 400/SPED 500 and passing scores on the Praxis Core Academic Skills for Education Tests.

SPED 677. Consultation and Collaboration, 3 Credits.
This course provides professionals in special education, regular education, and related fields with knowledge and communications skills necessary for collaborative consultation and technical assistance to other educators and service providers. Prerequisites: SPED 400/SPED 500.

SPED 678. Interdisciplinary Approaches for Children with Sensory/Motor Disabilities, 3 Credits.
This course emphasizes positioning, handling, and adaptive strategies for children with sensory and/or motor disabilities. It focuses on understanding the roles of related disciplines in collaborative planning and service delivery. Prerequisites: SPED 400/SPED 500.

SPED 698. Research Project, 1 Credit.
This capstone seminar is one of the culminating assessments for the master's degree in education with a major in advanced special education. Students will design, develop, and deliver an evidence-based professional development program that is aligned with their concentrations. As a culminating activity, this project will reflect the synthesis of coursework, research, and practical experience in areas that students are interested in. Prerequisites: SPED 400/SPED 500.

SPED 701. Historical and Contemporary Research in Special Education, 3 Credits.
This course covers contemporary and historical topics related to problem issues in special education. This is a course of study that will enable participants to examine various topics in special education and research a position on an issue.

SPED 702. Cognitive Processes and Learning Strategies for Students with Special Needs, 3 Credits.
The intent of this course is to provide an overview of research and critical issues relative to the cognitive and affective development of individuals with disabilities. Research-based interventions that address deficits of cognitive processes will be discussed and specific learning strategies will be presented.

SPED 705. Advanced Student and Program Evaluation in Special Education, 3 Credits.
The intent of this course is to provide scholars with the advanced knowledge of systems and theories of assessment, special education evaluation and eligibility determination, and the skill competence to design and implement research activities, instruction, and student and program evaluation. Scholars will access, evaluate, and use valid formative and summative assessment and evaluation measures for monitoring and promoting student learning and educational performance. Prerequisites: FOUN 611 and SPED 701.

SPED 707. Advanced Instructional Procedures in Special Education, 3 Credits.
This course provides students with advanced skills in educational planning, development, and implementation for students with learning problems. Techniques focus on inclusive and self-contained classroom arrangements. Prerequisite: graduate standing.

SPED 714. Alternative Strategies for Secondary Students, 3 Credits.
This course is designed to provide students with an opportunity to examine and develop curriculum strategies and adaptations which may be used to meet the needs of students with diverse learning needs. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis I or equivalent as prescribed by the Virginia Board of Education.

SPED 715. Alternative Strategies for Elementary Students: Prevention and Intervention, 3 Credits.
The intent of this course is to provide pre-service and in-service teachers with the knowledge and skill to collaborate with other professionals to identify and remediate students who are at-risk for school problems due to academic challenges and/or behavior, and to effectively support students with identified mild disabilities in general education classrooms. The course focuses on developing proactive pre-referral interventions and working with general educators to develop and implement effective interventions, accommodations, modifications and supports for students with mild difficulties in general education classes. Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis I or equivalent as prescribed by the Virginia Board of Education.

SPED 720. Curriculum and Instruction: Research Into Practice, 3 Credits.
This course provides an overview of research methods employed in the field of special education. Current trends related to curriculum and instruction in general and special education will be investigated. Strategies and procedures for identifying learner characteristics and application of that knowledge will be included. Implementation of quality curricular modifications and/or instructional accommodations for students with diverse needs in a variety of educational settings and evaluation of instruction will be addressed. Prerequisites: SPED 400/SPED 500 or SPED 701/SPED 801.

SPED 730. Single Subject Research, 3 Credits.

SPED 769. Supervised Fieldwork in Applied Behavior Analysis, 3 Credits.
Supervised fieldwork experiences that apply University-approved coursework to instruction of children, youth, and their families in the natural environment. As stated in the BCBA Experience Standards, the purpose of supervised fieldwork experiences is to improve and maintain the behavior analytic, professional, and ethical repertoires of the supervisee and facilitate the delivery of high quality services to clients. Students can enroll in supervised fieldwork hours concurrently with the ODU ABA certificate approved sequence coursework. Prerequisites: Admission to the ODU ABA certificate program and permission of advisor.

SPED 801. Historical and Contemporary Research in Special Education, 3 Credits.
This course covers contemporary and historical topics related to problem issues in special education. This is a course of study that will enable participants to examine various topics in special education and research a position on an issue.
SPED 802. Cognitive Processes and Learning Strategies for Students with Special Needs. 3 Credits.
The intent of this course is to provide an overview of research and critical issues relative to the cognitive and affective development of individuals with disabilities. Research-based interventions that address deficits of cognitive processes will be discussed and specific learning strategies will be presented.

SPED 807. Advanced Instructional Procedures in Special Education. 3 Credits.
This course provides students with advanced skills in educational planning, development, and implementation for students with learning problems. Techniques focus on inclusive and self-contained classroom arrangements. Prerequisite: graduate standing.

SPED 814. Alternative Strategies for Secondary Students. 3 Credits.
This course is designed to provide students with an opportunity to examine and develop curriculum strategies and adaptations which may be used to meet the needs of students with diverse learning needs. Practicum of 45 hours required. Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis I or equivalent as prescribed by the Virginia Board of Education.

SPED 815. Alternative Strategies for Elementary Students: Prevention and Intervention. 3 Credits.
The intent of this course is to provide pre-service and in-service teachers with the knowledge and skill to collaborate with other professionals to identify and remediate students who are at-risk for school problems due to academic challenges and/or behavior, and to effectively support students with identified mild disabilities in general education classrooms. The course focuses on developing proactive pre-referral interventions and working with general educators to develop and implement effective interventions, accommodations, modifications and supports for students with mild difficulties in general education classes. Prerequisites: SPED 400/SPED 500, SPED 415/SPED 515, and passing scores on Praxis I or equivalent as prescribed by the Virginia Board of Education.

SPED 820. Curriculum and Instruction: Research Into Practice. 3 Credits.
This course provides an overview of research methods employed in the field of special education. Current trends related to curriculum and instruction in general and special education will be investigated. Strategies and procedures for identifying learner characteristics and application of that knowledge will be included. Implementation of quality curricular modifications and/or instructional accommodations for students with diverse needs in a variety of educational settings and evaluation of instruction will be addressed. Prerequisites: SPED 400/SPED 500 or SPED 701/SPED 801.

SPED 821. Critical Issues I: Readings in Special Education and Professional Writing. 3 Credits.
The intent of this course is to provide doctoral candidates an opportunity to do the following: (a) become thoroughly involved in the literature relating to current critical issues in special education, and (b) begin the process of developing writing skills suitable for positions and tenure in higher education. The course stresses APA writing guidelines and style, conducting literature searches, and beginning development of a writing product that is suitable for publication. The course provides an introduction to the skills necessary for advancement in higher education and professional institutions.

SPED 822. Critical Issues II: Research and Professional Writing. 3 Credits.
This course provides doctoral candidates an opportunity to read, analyze and synthesize research in special education with the intent to contributing to the literature. The course emphasizes skills necessary for developing writing skills suitable for positions and tenure in higher education. APA writing guidelines and style, analyzing and synthesizing research/literature, and producing a lengthy written product suitable for publication are stressed. The course is designed to build skills necessary for advancement in higher education and professional institutions. Prerequisites: SPED 821.

SPED 830. Single Subject Research. 3 Credits.

SPED 868. Internship: Special Education. 3 Credits.
Internships in teaching, research, and other professional activities will provide experience in the roles that students will assume after completing their doctoral degrees. The successful completion of a 3-credit internship is required to fulfill program requirements and necessitates a commitment of a minimum of 150 contact hours. Internships may be at the regional, national or international levels.

SPED 869. Practicum/Field Experience. 6-12 Credits.
Supervised involvement of the doctoral-level student in a practicum setting, where the student and the instructor work together closely to develop curriculum and gain expertise in teaching specific topics of importance to early childhood educators. A weekly seminar is required.

SPED 893. Professional Seminar: Teaching, Research, and Service. 3 Credits.
This course prepares doctoral candidates to meet professional standards in teaching, research and service in special education in higher education institutions. Teaching includes an understanding of adult learning and the design, delivery, evaluation of content, and use of technology in college teaching. Research includes recognizing and critically discussing scholarly work, systematically planning and preparing for research, and developing research proposals. Service includes identifying professional organizations and agencies and creating integrated professional development programs. The course is designed to build skills necessary for advancement in higher education and professional institutions. Prerequisites: SPED 821 and SPED 822.

SPED 899. Dissertation. 1-12 Credits.
Dissertation. Prerequisites: Successful defense of prospectus and admission to candidacy.

SPED 999. Doctoral Graduate Credit. 1 Credit.
This course is a pass/fail graduate course doctoral students may take to maintain active status after successfully passing the candidacy examination. All doctoral students are required to be registered for at least one graduate credit hour every semester until their graduation.
