Graduate Financial Aid

Office of Financial Aid

The Office of Student Financial Aid supports the mission of the University by seeking to assist qualifying students and their families in reducing financial barriers that might prohibit their participation in the education programs offered by Old Dominion University. Provide exemplary customer service; deliver funds in a timely and equitable manner; support enrollment and retention by identifying and obtaining resources and ensure federal, state and institutional policies and regulations are adhered. We also strive to educate students, their parents, the community and our colleagues to ensure informed financial decisions are reached. The office administers need-based financial aid programs funded by Federal, State, University, and private sources in the form of grants, Federal Direct Subsidized loans, Federal work-study programs, and both merit-based and need-based scholarships. In addition, the office administers the William D. Ford Federal Direct Unsubsidized Loan program and the Federal Direct PLUS loan program, both of which are non-need-based federally-supported sources of funding. Alternative loan options are also available.

Financial resources are available to assist Old Dominion University graduate students with their educational costs. Most stipends awarded to graduate students are insufficient for meeting all living expenses; therefore, other sources of income are necessary. Financial sources for graduate students typically include teaching, administrative and research assistantships, fellowships, tuition grants (all administered through the academic colleges), as well as Federal Direct Stafford Loan Programs, and part-time student employment (administered through the Career Development Services). Additional information about need-based financial assistance is available from the Office of Financial Aid.

Prospective graduate students should also consider applying for national fellowships, such as those awarded by the National Science Foundation, the Woodrow Wilson National Fellowship Foundation, the Ford Foundation (minority fellowship program), and the Danforth Foundation. Applicants should check program deadlines, some of which are as early as December 1. Information on fellowships in specific fields is available from the chair or program director of each department/school.

Regulations governing the administration of student financial aid are subject to unanticipated changes. Information provided herein is as accurate as possible on the date of printing. For additional and updated information, students and interested parties are invited to visit the office’s web site at https://www.odu.edu/finaidoffice (https://www.odu.edu/finaidoffice/) or Old Dominion University’s home page http://www.odu.edu.

Scholarships, Grants, Loans, and Student Employment

The University offers a variety of awards each year to qualified students who have been accepted for admission into degree programs. Some of these awards are available only to Virginia residents, while others are awarded without regard to state residency. Student assistance is offered on the basis of scholastic achievement and/or established financial need. Financial need is defined as the difference between the cost of education/attendance at Old Dominion University and the amount of money an applicant and his or her family are expected to make available from their income and assets to meet the expenses of that education. The eligibility for non-need Federal Direct Unsubsidized loans and Federal Direct PLUS loans is determined by a combination of factors, including cost of attendance, and aggregate amount borrowed to date, to name a few.

To be eligible for assistance from the major student aid programs, a student must:
• be a citizen or an eligible non-citizen;
• be admitted and enrolled as degree seeking in an eligible program;
• be registered with the Selective Service (if required);
• not be in default or owe a repayment or refund on a federally guaranteed loan or grant;
• be in good academic standing (making satisfactory academic progress) to be eligible for financial assistance. Certain aid programs require a student to maintain a full-time status.

There is one exception to the requirement that students be admitted on a degree-seeking basis: students who are admitted only for purposes of teacher certification may qualify for a William D. Ford Federal Direct Loan by submitting a memo verifying their admission into an approved licensure program by the Director of Teacher Education Services in the Darden College of Education. Students must be enrolled in six (6) credits minimum to be eligible for aid.

Financial aid eligibility is determined on an annual basis for one academic year (fall, spring, summer) only, and is determined for succeeding years upon re-application and continued eligibility. Applications for Old Dominion University-administered financial aid should be submitted as early as possible starting in October for consideration in the following academic year.

To be considered for the Annual and Endowed Scholarships administered by the University, an Admissions application or the Scholarship Application for Continuing Students must be received by the University by January 1st preceding the academic year of interest. All admitted students will automatically be considered.

An entering student must be accepted for admission into a degree-seeking program before receiving a financial aid eligibility notification letter, however, a student who has not yet been accepted for admission may apply for financial assistance. Once admitted into an eligible degree program, the student will automatically receive a notice of tentative financial aid eligibility. Announcements of financial aid eligibility for early applicants are generally made before May 1. The applicant will be notified by the Office of Student Financial Aid. In addition, the admitted student is encouraged to monitor the status of his/her application for aid and its subsequent processing by accessing his/her records on the University’s secure online site, LEO Online at www.leonline.odu.edu. Alerts, reminders, and student-specific information are mailed through the University’s secure e-mail system throughout the year, and students are responsible for reading and responding to these communications.

The information regarding financial aid contained in this catalog is subject to changes or deletions without notification. Additional information concerning financial aid is available through the Office of Student Financial Aid. The Guide to Federal Student Aid, which describes the federal student aid programs and how to apply for them, is also available free of charge from the Federal Student Aid Information Center (1-800-433-3243). The U.S. Department of Education provides efficient and secure access to information and government services and benefits for students via the web site (https://studentaid.gov/).

Application Requirements

To be considered for financial aid, a student must complete all documents and submit them as soon as possible after October 1 preceding the academic year for which application is made. (For example, a student planning to attend during the fall semester of 2022, would submit a financial aid application in October 2021.) The documents and deadlines are described below. Note: The Free Application for Federal Student Aid (FAFSA) is required of all applicants for financial aid.

Document 1: The Free Application for Federal Student Aid (FAFSA)

Submitting a completed and signed FAFSA initiates the process of applying for financial aid. The information provided by the student (and his/her parents) is used by the University and other awarding agencies to determine financial need and general financial aid eligibility. On the 2022-23 FAFSA, students (and parents, as appropriate) must report their 2020 income information. When completing the FAFSA, use Old Dominion University’s Title IV Institution Code (003728). Old Dominion University encourages students to take advantage of the electronic FAFSA option FAFSA on the web, https://studentaid.gov/, which is a secure and convenient method for completing the application process. New! Students and parents can
complete the 2022-23 FAFSA form using the myStudentAid app. Students and parents may download the myStudentAid app in the Apple App Store (iOS) or Google Play (Android), which is a secure and convenient method for completing the application process. All applicants and parents of dependent applicants should apply for a FAFSA ID with the Department of Education at https://studentaid.gov/fafsa/create-account/launch (https://studentaid.gov/fafsa-id/create-account/launch/) in order to be able to sign the FAFSA application electronically. The FAFSA must be filed each year for which the student is requesting aid. The FAFSA priority filing for all students is January 1st (Priority consideration as funds available).

Document 2: Student Aid Report (SAR)
Once the FAFSA is received and processed, you will receive your results by e-mail within a few days. The e-mail will contain a secure link so you can access your SAR online. If you have a “blocked” folder in your e-mail files, check it. Otherwise you’ll receive a paper SAR in the mail in about two weeks. Students are strongly encouraged to keep their SAR’s and all other financial-aid-related documents for future reference. The SAR contains valuable information as well as a unique data release code.

Document 3: Employment Eligibility Verification
All U.S. employers are responsible for completion and retention of Form I-9 for each individual they hire for employment in the United States. This includes citizens and non-citizens. On the form, the employer must verify the employment eligibility and identity documents presented by the employee and record the document information on the Form I-9. Additional information can be obtained from the Office of Finance.

Document 4: Consortium Agreement and Dual Enrollment Forms
Students attending classes at a distant site may be required to submit these forms. These students should consult with their distance learning representative and their financial aid counselor to determine if these forms are required.

Standards of Satisfactory Academic Progress to Maintain Financial Aid Eligibility
Old Dominion University Requirements
Fulfillment of Federal Satisfactory Academic Progress is reviewed and evaluated by the Financial Aid Office in compliance with federal regulations. In order to qualify for assistance through the Office of Student Financial Aid, students must be accepted by the University as degree-seeking students. Students must be enrolled at least half-time (50%) to qualify for most financial aid programs.

Graduate students must be enrolled for a minimum of nine (9) credit hours during either the fall or spring semester to be considered full-time or 6 or more credit hours during the summer. Three-quarter time enrollment is 6-8 credit hours during the fall or spring semesters or 4-5 credit hours in the summer semester. Half-time enrollment for graduate students is 4-5 credit hours during either the fall or spring semesters or three credit hours during the summer semester.

Eligibility and award amounts are based on the number of semester hours in which the student is enrolled. For purpose of financial aid, courses taken for audit do not count toward enrolled hours.

The following quantitative and qualitative requirements apply to financial aid programs administered by Old Dominion University for satisfactory academic progress.

Policy
Maintaining Satisfactory Academic Progress is one of many federally mandated criteria viewed in determining a student’s eligibility for continued receipt of financial aid. Progress is measured by PACE (the number of credits earned in relation to those attempted), Qualitative (GPA) standard and Allowable time (the maximum time frame allowed to complete the academic program). Students must also demonstrate a progression toward completion of their degree program within an established time-frame. Failure to maintain Satisfactory Academic Progress will result in loss of financial aid eligibility. Progress is reviewed annually, at the end of the academic year.

A. PACE
Graduate
In order to maintain Satisfactory Academic Progress, a graduate student is required to complete 80% of the total credit hours attempted.

How to calculate PACE
\[
0.80 \times \text{Attempted Hours (including transfer credits)} = \text{Minimum hours a graduate student must earn}
\]

B. QUALITATIVE
Qualitative Satisfactory Academic Progress for students is evaluated in accordance with the following table.

<table>
<thead>
<tr>
<th>Hours Earned</th>
<th>Minimum G.P.A</th>
</tr>
</thead>
<tbody>
<tr>
<td>1+</td>
<td>3.0</td>
</tr>
</tbody>
</table>

C. ALLOWABLE TIME
The maximum allowable time to be eligible for financial aid for a full-time Master's degree is three (3) years and for a full-time Doctoral degree four (4) years.

Graduate students may attempt a maximum of 90 hours. Graduate students working on a second degree will be given an additional 45 credit hours to earn their second degree. *Note: Transfer credit hours are included.

Satisfactory Academic Progress Review
The Office of Student Financial Aid will conduct a review of Satisfactory Academic Progress at the end of each academic year. Email notifications of SAP standard(s) not met will be sent to the student’s ODU email account or mailed to the student’s permanent address.

Please note that students who have not received financial aid in previous years, but are applying for financial assistance for the first time will also be held to the requirement of maintaining Satisfactory Academic Progress. Satisfactory Academic Progress is reviewed for all semesters of a student’s enrollment regardless of whether the student was eligible for financial assistance during a term. If students exceed the maximum allowable time, they are not meeting satisfactory academic progress, thus, all aid will be suspended.

Financial Aid suspension does not prohibit you from continuing your education at Old Dominion University. It does prohibit you from receiving financial aid until you again meet the standards for Satisfactory Academic Progress.

Financial Aid Suspension
Students who fail to meet satisfactory academic progress are placed on financial aid suspension. You have the option to appeal this suspension. An appeal must be based on significant mitigating circumstances that seriously affected academic performance. The decision of the appeal will be sent via email to the students ODU email account. *Note: Please make sure your email account is activated.

Financial Aid Probation
For students who are successful in their appeal, aid will be reinstated; however, placed on probation for one payment period/term. Notification emails will be sent to students on financial aid probation advising them of the conditions needed. At the conclusion of the probation term, the student must be meeting the school’s SAP standard in order to qualify for further Title IV Funding.
The Appeal Process

The appeal form may be downloaded from our website at https://www.odu.edu/finaidoffice/. If you would like to file an appeal for reinstatement of your eligibility for financial aid, please follow these directions:

1. Use the SATISFACTORY ACADEMIC PROGRESS APPEAL FORM to write your appeal.
   State clearly why you failed to meet the condition(s) cited.
   State what has changed that will allow you to demonstrate SAP progress at the end of the next evaluation period.
   To confirm your extenuating circumstance(s), you must attach documentation from an objective third party (e.g. physician, counselor, lawyer, social worker, teacher, religious leader, academic advisor).
   We realize that sharing personal information can be difficult. Be assured that your statement will remain confidential. Only financial aid personnel will review your appeal.

2. Meet with your academic advisor or the dean of your college to complete the REQUEST FOR WRITTEN EVALUATION OF ACADEMIC PERFORMANCE form.
   NOTE: If you submit your appeal without the advisor or dean’s evaluation, your appeal will not be considered.

3. Submit your complete appeal packet and all supporting documents within 14 days of receipt of the notification or prior to the deadline. Appeals must be submitted 10 days after notification of appeal or by the deadline on the appeal form. These dates vary from year to year; however, the deadline will be the Friday before classes begin. The deadlines are listed on the SAP appeal form. Failure to submit the complete packet will result in cancellation of aid.
   ALLOW TWO WEEKS for the review of this appeal and receipt of the decision notification. If your appeal is approved, the decision notification will outline the conditions of your contract for reinstatement of aid eligibility. The contract is binding and your academic progress will be reviewed at the end of the enrollment period specified. If your appeal is denied, the decision notification will specify the conditions for future consideration for financial aid eligibility.

   Students awaiting a response from the SAP Appeal Review Committee are responsible for paying their tuition and other fees by the payment deadline to avoid late and collection fees.

   The decision of the financial aid review committee is FINAL and cannot be appealed.

   If the appeal is unsuccessful, an email notification will be sent notifying you of the decision and also information on how to re-establish eligibility if applicable.

   Re-Establishing Eligibility

   Students may re-establish their eligibility for financial assistance by achieving the satisfactory progress standards. Keep in mind this will be at the student’s own expense as they are ineligible for financial aid. Sitting out a semester at Old Dominion University will not assist in re-establishing eligibility. Once the student has earned the required grade point average or completed the required credit hours, they must contact financial aid to request the reinstatement of their financial aid eligibility.

   Students not making SAP at the end of the second year, but at the end of the subsequent grading period come into compliance with the school’s graduation requirements; will be considered making SAP beginning with the next grading period.

   Withdrawing from Courses

   Withdrawing from courses may impact your financial aid awards. Before withdrawing from class, you should contact the Financial Aid Office to determine the consequences.

   Withdrawing from the University

   Students who totally withdraw from the University and receive aid may owe the University money. Before withdrawing from the University, you should contact the Financial Aid Office to determine the consequences.

   Withdrawal from Courses

   Students who withdraw from all courses are subject to regulations regarding the Return to Title IV Funds requirement. If the date of complete withdrawal precedes the date on which 60% of the academic semester has been completed, a prorated portion of all Title IV student financial assistance will be due back to the federal programs. The University policy regarding tuition refunds following withdrawals is stated in the catalog and is independent of the Return to Title IV funds regulations. Students who withdraw from the University before 60% of the semester has elapsed should anticipate repaying a significant portion of the Title IV financial assistance. Additionally, students who failed to earn a passing grade during the term are subject to the same federal guidelines.

   Transfer and Repeat Coursework

   Accepted transfer credits must count as both attempted and completed hours. Federal regulations limit the number of times a student may repeat a course and receive financial aid for that course. Ineligible repeated courses will be excluded from counting in the student’s enrollment for financial aid purposes.

   - A student may receive aid when repeating a course that was previously failed (received a failing or unsatisfactory grade), regardless of the number of times the course was attempted and failed providing you meet the Satisfactory Academic Progress standards.
   - A student may receive aid to repeat a previously passed course (grade of ‘D’ or higher) one additional time. Once a student has completed any course twice with a passing grade (grade of ‘D’ or higher), he/she is no longer eligible to receive aid for that course.

   This rule applies whether or not the student received aid for earlier enrollments in the course.

   Important Note: The Financial Aid Office does not determine if a student may repeat a class, only whether a student may be eligible for financial aid for a repeat class. For more information on your academic program's policy regarding repeat coursework, contact your academic advisor. In addition, every repeated course affects Satisfactory Academic Progress calculations; all repeated courses are counted as attempted credit hours.

   Remedial courses are counted, however, enrichment and ESL courses ARE NOT taken into consideration.

   Federal Programs

   Students must submit the Free Application for Federal Student Aid (FAFSA) to determine eligibility for all of the following federal financial aid programs.

   Federal Direct Student Loan Programs

   Old Dominion University participates in the William D. Ford Federal Direct Loan Program and thus receives loan funds directly from the U.S.
Department of Education upon disbursement (payment) to eligible students. There are two kinds of loans:

**William D. Ford Federal Direct Unsubsidized Loans**
Available to eligible students regardless of financial need, but students will be required to pay all interest charges, including the interest that accumulates during deferments.

**PLUS Loans for Graduate or Professional Students**
Graduate or professional students are eligible to borrow under the PLUS Loan Program up to their cost of attendance minus estimated financial assistance in the Direct Loan programs. This requirement includes a determination that the applicant does not have an adverse credit history, repayment beginning on the date of the last disbursement of the loan. Applicants for these loans are required to complete the Free Application for Federal Student Aid (FAFSA) and must have applied for their annual loan maximum eligibility under the Federal Unsubsidized Stafford Loan Program before applying for a Graduate/Professional PLUS loan.

**Conditions for Disbursement of Financial Aid**
The Office of Student Financial Aid publishes a “Statement of Student Responsibility & Conditions for Release of Financial Aid” document each academic year. This statement is included with the initial award notification and is also accessible on the Financial Aid Office page of the University web site https://www.odu.edu/finaidoffice (https://www.odu.edu/finaidoffice/). When students accept financial aid, they also acknowledge that they have read and agree to comply with the Statement. A limited sample of conditions is as follows:

- Initial financial aid notices are based on the assumption that the student will enroll full time.
- Students are required to communicate immediately with their counselors any changes in the enrollment level or student type during the period leading up to the beginning of each semester as they may impact the student's aid eligibility. Financial aid is based upon full-time (9 credits or more), three-quarter (6-8 credits), or half-time enrollment (4-5 credits). If a student's aid has been calculated based on an enrollment level different from the actual enrollment for that semester, the aid will not be released until the student has notified the counselor and the counselor has reviewed and recalculated aid eligibility. Financial aid eligibility changes when enrollment level changes.
- Students who drop courses are responsible for notifying the financial aid counselor immediately. It is the student's responsibility to notify the financial aid office if the student type changes (example: degree seeking to non-degree/certificate program). Aid will be reduced accordingly and financial aid already received will be due back to the University. This also applies to “balance-of-aid” payments made to students prior to dropping.
- The student is responsible for repayment of any and all financial aid received if adjustments resulting from unreported or misreported information discovered through verification, third-party notices, account reviews, that lead to reductions in aid. Documents such as Federal Income Tax transcript, W-2 forms, Leave and Earning Statements, notices of SSI benefits, and Verification Worksheets may be required. Other documents may be requested to confirm marital status or other information provide on the FAFSA during the verification process.
- The student is responsible for reporting additional educational assistance received through sources other than the Financial Aid Office. Financial aid may be adjusted according to federal regulations as a result of additional educational assistance received and not reflected initially. The student bears responsibility for reporting any additional aid in the form of scholarships from outside sources, Vocational Rehabilitation Benefits, Graduate Tuition Scholarships, Veterans Benefits, Senior Citizen Tuition Waivers, Employer Assisted Tuition Payments, Third Party Payment Agreements involving any outside group or company, and all other forms of assistance. The student must report these external sources of financial assistance immediately to his/her financial aid counselor.

Federal Direct Student Loans and Federal Perkins Loans require Promissory Notes. Federal Direct Student Loan promissory notes may be signed online. Federal Perkins Loan Promissory Notes are produced by the Office of Student Financial Aid after all eligibility conditions have been met. Students must complete and sign the promissory notes and return them to the Financial Aid Office before the loan process can be completed. Entrance loan counseling is required of all first-time borrowers prior to release of loan proceeds.

- A tentative or conditional financial aid package assumes a level of government appropriations which are frequently under-determined at the time of preparation. If legislative bodies fail to provide the anticipated funding level, it may be necessary to reduce or cancel certain types of aid, particularly grants. Students will be notified immediately if such changes become necessary.
- The Office of Student Financial Aid reserves the right to review, modify or cancel financial aid at any time on the basis of new information affecting student eligibility, including but not limited to changes in financial resources, residence, academic status, or changes in the availability of funds.

**Awards Based on Admission to the University**

**Annual and Endowed University Scholarships**
Scholarships at Old Dominion University have been established through the generosity of individuals, organizations, and corporations to recognize outstanding academic performance and to assist students in pursuing their educational goals. Scholarship awards are based on a variety of criteria. For some awards, eligibility is entirely determined by academic merit or potential. Other requirements might include demonstrated financial need, field of study, state or city residency, graduation from a particular high school or participation in a specific program, organization or activity. Generally, recipients have earned at least a 3.4 grade point average (on a 4.0 scale) and are full-time, degree-seeking students.

- Students who have a change in scholarship eligibility according to the Criteria Checklist (included in the Scholarship Form)
- Continuing students who meet the above circumstances must complete and submit the form to:
  - Office of Student Financial Aid
  - 3201 D.W. Dizney
  - Norfolk, VA 23529-0052
- To determine eligibility for need-based scholarships, designated by an asterisk (*), students must also file the Free Application for Federal Student Aid (FAFSA) PRIOR to January 1st of the appropriate academic year for Continuing and Transfer students.
- Selection procedures vary for these awards. All scholarships require admission to and enrollment in a degree program at Old Dominion University. For some scholarships, a portfolio, an audition or participation in a specific program may be required. The additional steps, if required, are summarized following each scholarship description.
- Students will receive written notification of any scholarship for which they have been selected. Most scholarships will be awarded in April and May of each year.
The scholarship may be awarded to a full-time or part-time student who demonstrates financial need and maintains a grade point average of 3.0. The recipient(s) may be enrolled as an on-campus student or in the Distance Learning Program.

**Veterans and Dependents Benefits**

**Virginia Military Survivors and Dependents Education Program**

The Virginia Military Survivors and Dependents Education Program (VMSDEP) provides education benefits to spouses and children of military members killed, missing in action, taken prisoner, or who have been rated by the United States Department of Veterans Affairs as totally and permanently disabled or at least 90 percent permanently disabled as a result of military service. Military service includes service in the United States Armed Forces, United States Forces Reserves, or the Virginia National Guard.

The Virginia Department of Veterans Services (DVS) is responsible for managing the program and collaborates with the State Council of Higher Education for Virginia (SCHEV) and Virginia’s public colleges and universities to assist spouses and children of qualified military service members and Veterans in attaining their educational goals. (See the Code of Virginia, Section 23-7.4:1.)

Students who are certified are eligible for educational benefits (a waiver of tuition and mandatory fees). **Housing and Meals are not included.**

In addition, as funds are available, eligible students may receive a stipend to offset other educational expenses incurred by the student, such as room, board, books, and supplies. Please note that the stipend is **not available** for the advance purchase of books.

Only students appearing on the verification rosters released by SCHEV to the institutions will be funded for the terms specified as authorized, regardless of certification/verification from any other source.

**Stipends Priority Funding System for Fall and Spring**

Because there may not be sufficient funding to make full VMSDEP stipends to all eligible students, a priority funding system will be used to determine the order and number of stipends. Students in a higher Priority category must receive their full projected annual stipend, as determined by SCHEV based on student enrollment level, before subsequent categories are considered for funding. Only students appearing on the verification rosters released by SCHEV to the institutions will be funded for the terms specified as authorized, regardless of certification/verification from any other source.

Once approved, students are required to report enrollment plans via the VMSDEP portal for each term they wish to use benefits. Once the request is approved by VMSDEP, the student’s name will be placed on our roster in the VMSDEP portal. Your financial aid account will be noted with your enrollment credits and expected tuition amount. Please note VMSDEP only covers the tuition costs. Housing and Meals are not included.

Funds will be applied to the student account AFTER the drop/add deadline of each term upon completion of enrollment confirmation.

Students eligible for the stipend will receive those funds later in the semester once approved by the State Council of Higher Education (SCHEV).

NEW VMSDEP authorization deadlines have been set for Old Dominion University effective immediately. They are as follows:

**Termination of Aid**

Failure to remain in good academic standing will result in automatic withdrawal of financial aid by the University. Failure to comply with the conditions of a financial award will cause its termination and the return of any unexpended funds as well as repayment, in some cases, of funds already utilized. Undergraduate specific endowed scholarships will be withdrawn immediately for the term in which an undergraduate student's classification advances to an admitted graduate student status.
