African American and African Studies

Michael L. Clemons, Program Director

The African American and African Studies (AAST) program offers the Bachelor of Arts and Bachelor of Science degrees. The program is designed to give students an essential core of basic knowledge and analytical skills, while providing an opportunity to specialize in one of two emphasis areas: African American Studies or African Studies. The African American and African Studies major requires a total of 39 credit hours in African American and African Studies courses, including 21 credit hours of core coursework, 12 hours of coursework evenly distributed between selected upper-division social science and humanities courses, and a minimum of six credit hours of upper-division coursework in African Studies. African American and African Studies majors are required also to take AAST 105H/HIST 105H (Africa in a World Setting).

Students can earn either the BA or BS degree. The BA program requires a foreign language through the intermediate level (202). Students seeking the BS degree must demonstrate beginning language proficiency (102). Consistent with Old Dominion University’s Career Advantage Program (CAP), students majoring in African American and African Studies are required to participate in an appropriate field internship.

African American and African Studies as a Second Major

Students who find themselves especially interested in African American and African Studies but who already have a major may fulfill their upper-division general education requirements by selecting African American and African Studies as a second major. Such students must complete the same departmental requirements as those majoring solely in African American and African Studies, but may count up to five African American and African Studies cross-listed courses taken for their other major toward their African American and African Studies major as well. For instance, a student majoring in both sociology and African American and African Studies may apply five courses, such as SOC 337, and SOC 436 toward the foundation courses, and SOC 323, SOC 426, SOC 444, taken toward their sociology requirements, as three electives for their major in African American and African Studies.

BA or BS to MBA (Master of Business Administration) Linked Program

The linked BA/MBA or BS/MPA program provides qualified Old Dominion University undergraduate students with the opportunity to earn a master's degree in public administration while taking credits in the MPA program as an undergraduate student. The program is designed for highly motivated students with the desire to immediately continue their education after the bachelor's degree. The program is especially relevant to individuals seeking to work (or currently working) in the public or non-profit sectors, but is suitable for students from any undergraduate major. Graduate courses may be taken during the fall and spring semester of the student's senior undergraduate year. Up to 12 graduate credits can count toward both the undergraduate and graduate degree and can meet upper-level General Education requirements. After receiving the undergraduate degree, a student will continue with the MPA program, taking MPA courses until completing the required 39 credit hours. Students in the linked program must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

Requirements for admission to the graduate program can be found in the School of Public Service section of the Graduate Catalog (http://catalog.odu.edu/graduate/business/public-service/). For additional information, please contact the School of Public Service in the Strome College of Business.
