

Minor

Studio Art Photography Minor

The minor in studio art photography enables students to gain a broad understanding of contemporary photography and its applications as a universal language in today's world. From digital to analog, students will become well versed in both technique and contemporary theories related to photography. Classes focus on darkroom, digital editing, studio lighting, and helping each student to develop their own unique voice as a photographer and artist.

Requirements

ARTS 211 is a prerequisite course for the minor and is not included in the calculation of the grade point average for the minor. A student who seeks to minor in studio art photography must receive approval from the chief departmental advisor.
