Students must also meet with an education advisor in the Office of Clinical Experiences.

Continuance

Students must maintain a cumulative GPA of 2.75, a major/content GPA of 2.75 and a professional education GPA of 2.75. Art courses must be passed with a grade of C or higher. **Background Clearance Requirement**

Old Dominion University requires a background clearance check of candidates interested in many of the professional education programs. Professional education programs have several field experiences that are required for continuance and graduation from the program. The background clearance must be successfully completed prior to a field experience placement. Students will be provided a field experience placement when the background check process is completed with resolution of any issues. The process to complete the ODU clearance background check is located at: http://www.odu.edu/success/academic/teacher-education/placement/background-checks.html. The ODU clearance process includes the FBI fingerprint SP-24 form, the child protective service/social service check, and the sexual offender registry check. Candidates interested in the professional education programs are advised to complete this clearance process immediately upon entry into the program since the clearance process takes a minimum of eight weeks to complete. Please contact the Office of Clinical Experiences at 757-683-3348 if you have any questions.

**Virginia Board of Education Prescribed Assessments for Licensure**

- Praxis Subject assessment (formerly Praxis II) art content knowledge (test code 5134), passing score of 158 required.

Minor in Studio Arts
A student who chooses to complete a minor in studio arts must receive the
approval of the chief departmental advisor. A total of 12 hours in studio art

Graphic Design Major

Four-Year Plan - Graphic Design Major -BFA (http://catalog.odu.edu/undergraduate/colleg eofartsletters/art/ graphicdesign-bfa-fouryearplan/)

• The four-year plan is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

The Graphic Design major is a professional program providing a sequenced curriculum structured to prepare students for successful transition to professional practice designing communications for a wide range of traditional and digital delivery. Graduating portfolios represent a rich experience in print design, branding, packaging, interactive media, advertising, typography, and image making. Students graduating from the program pursue careers in graphic design studios and advertising agencies throughout the country, or continue their education in MFA programs.

The program provides a solid foundation of traditional art experiences and design practices and principles to build students’ ability to create dynamic visual solutions. The core graphic design curriculum stresses essential competencies in conceptual problem solving, research, analysis and articulation, aesthetics, design theory, productivity, and the application of technology, necessary for both advanced exploration and entry into professional practice.

All graphic design students can expect a creative and collaborative environment built upon the experience of a faculty of practicing designers and design educators. Limited enrollment and class sizes ensure an intense and individualized course of study leading to a competitive portfolio for entry into the profession. The department's dedicated state-of-the-art facilities include classroom and production spaces built and equipped to facilitate instruction and invention with traditional and digital media. The program strongly encourages and supports critical interaction with the design community through internships, professional memberships, and participation in design competitions.

Graphic Design Continuance Review Requirements

Intended students in the graphic design program are expected to successfully complete the required art studio foundations coursework during the first year of study. In their second year, intended students will begin the required sequence of courses in the graphic design major. Prior to students’ application for admission into the Graphic Design major, they must first successfully complete required foundational art studio and graphic design coursework with a minimum grade of C. Students must register for and pass GDES 370—Graphic Design Continuance Review —in order to be admitted into the major. In the course, students will submit a portfolio of work consisting of two pieces from ARTS 202, two pieces from ARTS 231, two pieces from ARTS 279, a total of six pieces from GDES 280 and GDES 365, and a 500-word essay. They must also complete a test-of-skills exam. Enrollment in the upper division of the graphic design major is limited, and completion of the foundational art studio and graphic design courses does not guarantee acceptance. Due to the sequence of the required graphic design coursework, accepted students are admitted to the major only in the fall semester.

Transfer students must demonstrate equivalent preparation at another institution to receive credit for the art studio foundations courses. In order to receive credit for GDES 280, transfer students must submit a portfolio of work from an equivalent course for review by the graphic design faculty. Upon successful completion of foundational art studio and graphic design coursework, transfer students must register for and pass GDES 370 for admission into the graphic design major.

Graphic Design Program Requirements

Details concerning the portfolio submission and review process are available on the ODU Graphic Design website page. Students who are accepted into the graphic design major must purchase a Macintosh laptop computer and subscription to the Adobe Creative Cloud software. Specifications for the laptop and software can be obtained from the full-time graphic design faculty or the website. Continuance in the graphic design major requires a grade of C or better in all prerequisite courses and requirements in the graphic design sequence. A final course grade of C- or lower requires the student to repeat the course in order to advance in the major.

Graphic Design Senior Exit Review Requirements

Graphic design students enrolled in GDES 491 must present their graduating portfolio or thesis project at the Graphic Design Senior Exit Review, which occurs at the end of the Spring semester.

Painting and Drawing Major

Four-Year Plan - Painting and Drawing - BFA (http://catalog.odu.edu/undergraduate/collegeofartsletters/art/paintinganddrawing-bfa-fouryearplan/)

*The four-year plan is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.*

The Painting and Drawing program supports the investigation of various methods, forms and histories of painting and drawing in addition to the spaces these modes occupy in the contemporary sphere. Students begin their studies with a thorough grounding in the skills required to successfully engage the traditions and contemporary practices of painting and drawing. Initial coursework provides students strong technical, perceptual and visualization skills through a comprehensive and rigorous Foundations and Studio Core curriculum, gaining material handling competencies of both painting and drawing media. Intermediate coursework includes a review and expansion of these competencies with exploration into the expressive potential of painting and drawing through thematically-driven projects. Advanced coursework provides students the tools to develop individual bodies of work exploring individualized preferred concepts, subject matter, techniques, and media.

Painting and Drawing students are recognized as artists and are treated as such; their individual voices are vital to the learning experience cultivated within the program. Painting and Drawing students generate artworks that position them for success in today’s competitive market. At the conclusion of their studies, painting and drawing students are capable of creating works of personal pursuit that display an understanding of the historical and contemporary contexts of art making. Additionally, students will have obtained a high level of technical facility, knowledge of professional practice standards, as well as an appreciation for the limitless possibilities of their creativity and the multitude of tools at their disposal.

Photography and Print Media Major

Four-Year Plan - Photography and Print Media - BFA (http://catalog.odu.edu/undergraduate/collegeofartsletters/art/photoandprint-bfa-fouryearplan/)

- The four-year plan is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

The Photography and Print Media major is a unique combination of reproducible media and concept-driven art practice. This pairing provides students with the ability to experiment across disciplines or to concentrate mainly in photography or print media. Each student will develop an individual program of courses that meets their interests.

In photography, students will gain a broad understanding of contemporary photography and its applications in today’s world. From digital to analog, students will become well versed in technique as well as contemporary theory. Classes focus on darkroom, digital editing and studio lighting along with learning how to develop their own unique voice as a photographer and artist.

In print media, students have the opportunity to learn a wide range of print techniques and strategies. Every major image reproduction technology, from woodblock printing to large-format inkjet prints, is available to students. Print technique, history, and theory are brought together in guiding students’ creative work and artistic development.

Classes take place in the department’s brand-new art building equipped with a state-of-the-art computer lab dedicated to photo students and supplied with the latest software. In addition, the photo area contains a darkroom, lighting studio, advanced print lab and general workroom. The print area is equipped for letterpress, screenprint, lithography, relief, and intaglio printmaking, in addition to a digital print lab.

At the end of the program students will take a yearlong seminar dedicated to developing a provocative senior project that will culminate in the senior exhibition at the Baron and Ellin Gordon Art Galleries.

Transfer Requirements

For the BA degrees in visual studies and art education, students must complete a minimum of 30 credit hours at Old Dominion University. These 30 credits must include a minimum of 21 studio credit hours that include 12 credit hours at the 300/400 levels. For the BA degree in art history, students must complete a minimum of 30 credit hours at Old Dominion University, which must include a minimum of 12 credit hours at the 300/400 levels. Degree-holding students who are only seeking teaching licensure must complete nine hours of 300/400 level studio art or art education courses at Old Dominion University. A minimum of 36 credit hours in studio art (with 12 minimum at the 300/400 levels) from Old Dominion University is required for the BFA. For a minor in either art history, studio arts or studio art photography, transfer students must complete two elective courses in art history at the 300/400 level at Old Dominion University.

Before registering for classes, transfer students who enroll in the BFA or BA in visual studies programs must submit a portfolio of work for review by the Art Department chief departmental advisor who will determine which transferable courses will meet equivalent requirements in the major.

Transfer students who enroll in the BA in art education program must submit a portfolio of work for review by the art education program director who will determine which transferable studio and professional courses will meet equivalent requirements in the major and those that must still be completed for licensure. Appointments for transfer portfolio evaluations must be made prior to registration for classes.

Linked Bachelor's in Art, Visual Studies and Fine Arts and MA in Humanities

The linked bachelor's programs in art history, visual studies and fine arts and the MA in humanities make it possible for exceptional students to count up to 12 hours of graduate courses toward both an undergraduate and graduate degree. Students must earn a minimum of 150 credit hours (120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree). Please refer to the Humanities section of this Catalog for additional information on the linked programs.

ART EDUCATION Courses

ARTE 305, Elementary Art Education Methods and Classroom Management, 3 Credits.

This course will attend to issues of children’s art making and how the visual arts can empower learning in a variety of settings. Through site visitations students will broaden their understanding of age-appropriate pedagogical practices while also exploring various artmaking materials and classroom management strategies. Through research and thought provoking hands-on activities students will develop critical thinking skills and increase their awareness of content knowledge. Students will begin work on developing their portfolios. Thirty hour practicum in an elementary setting required. (Offered spring semester; to be taken sophomore year.) Prerequisites: TLED 301; open to art education majors only.

ARTE 306, Secondary Art Education Methods and Classroom Management, 3 Credits.
