Bachelor of Science in Business Administration - Accounting

Royce D. Burnett, Chair
Chief Academic Adviser, To be named

Accounting, as the world's oldest information system, provides information for most government, non-profit, and business decisions. Accounting graduates pursue successful careers in the public or private sectors. The undergraduate program in accounting at Old Dominion University is one of a select group in the country with separate accreditation from AACSB-International. The program provides a broad-based education with a variety of career objectives. The Bachelor of Science in Business Administration (BSBA) accounting major provides students with technical accounting knowledge, the ability to analyze problems, communicate solutions, interact with colleagues, and successfully handle ethical issues appropriate for staff-level positions. The program provides, at a minimum, 24 hours of accounting, which is sufficient for a graduate to sit for most accounting professional licensure and certification exams. A student who seeks a Bachelor of Science in Business Administration degree with a major in accounting from Old Dominion University must, in addition to meeting other requirements of the University, earn a minimum of 25 percent of the total number of credits required for the degree (for example, 30 credits in a 120-credit degree program) through on- or off-campus instruction. This must include a minimum of 12 credit hours of upper-level ACCT courses.

Four-Year Plan - Accounting Major - BSBA (http://catalog.odu.edu/undergraduate/stromecollegeofbusiness/bsbaaccounting/accounting-bsba-fouryearplan/)

- The four-year plan is a suggested curriculum to complete this degree program in four years. It is just one of several plans that will work and is presented only as broad guidance to students. Each student is strongly encouraged to develop a customized plan in consultation with their academic advisor. Additional information can also be found in Degree Works.

To receive a minor, the student must achieve a minimum overall cumulative grade point average of 2.00 in all 300- and/or 400-level accounting courses specified as a requirement for the minor exclusive of 200-level courses and prerequisite courses. In addition, a grade of C or better is required in ACCT 305, and a grade of C- or better is required in all other 300- and/or 400-level accounting courses counted toward the minor. A minimum of 6 hours in upper-level courses in the minor must be taken through courses offered by Old Dominion University.

Linked BSBA/MS in Accounting

Undergraduate students pursuing a BSBA in accounting at Old Dominion University may complete up to nine hours toward a Master of Science, Accounting (MS) degree by taking ACCT 505, ACCT 511, and ACCT 550 while enrolled as an undergraduate BSBA student. Students in the linked BSBA/MS program must earn a minimum of 150 credit hours (120 discrete
credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree).

A student may apply to the linked BSBA/MS program after completing ACCT 305 and 12 hours from ACCT 306, ACCT 307, ACCT 311, ACCT 425, or ACCT 426 with a C or better. Students must have an overall grade point average of 3.00 in all course work taken at Old Dominion University to be admitted to the linked program. Students must apply for admission to the MS program after completion of the undergraduate degree. Students should note that being in the undergraduate accounting major does not guarantee acceptance to the MS program.

Once admitted to the linked program, a student will take the 500-level accounting electives, and these courses will be applied to the MS course requirements as long as the student already has 120 discrete credit hours for the undergraduate degree. By completing these nine hours, students will only have 21 hours to complete in the MS program during an additional year of study after graduating from the undergraduate program as long as the student earns 120 discrete credit hours for the undergraduate degree and 30 discrete credit hours for the graduate degree for a total of 150 credit hours.
