Welcome Letter from the Provost

Welcome to Old Dominion University! Located in the Hampton Roads Metropolitan area of coastal Virginia, you will find Old Dominion University to be a vibrant and active community of scholars and students. Almost 19,200 undergraduates and 4,500 graduate students comprise the Old Dominion student body. Our community includes more than 700 international students with 80 foreign countries represented. Clubs and organizations for nearly every interest – more than 350 in all – thrive at Old Dominion University, nurturing the personal and social development that is essential to the university experience.

We are committed to the success of our students. Our Student Success Center serves as the central venue for undergraduate students to locate all of the services they need to ensure their progress from the moment they enter Old Dominion University through graduation and beyond. We offer a broad range of undergraduate degree programs in our colleges of Arts and Letters, Business, Education and Professional Studies, Engineering and Technology, Health Sciences, and Sciences. Interdisciplinary options are also available. Our LeADERS program provides a pathway for students to participate in high impact learning activities in- and outside of the classroom. Specifically, the program encourages undergraduate students to incorporate Leadership, ePortfolios, Academic Internships, Diversity, Entrepreneurship, Research, and Service learning (LeADERS) courses and experiences into their degree program. ODU students also participate in study abroad programs in Europe, South Africa, Australia, Korea and many other international destinations.

Old Dominion University’s main campus is located in the city of Norfolk, but the ODU community extends well beyond, with three Regional Higher Education Centers: the Virginia Beach Center, the Peninsula Center in Hampton, and the Tri-Cities Center in Portsmouth. Through our distance learning programs, we deliver undergraduate courses and programs online to students located throughout the Commonwealth of Virginia, the nation and the world using a variety of delivery technologies.

The Perry Honors College, with an emphasis on critical thinking and issues of global importance, offers specially designed, low-enrollment courses to honors students and selected juniors and seniors; it is also the central home for our many undergraduate research opportunities, where undergraduate students can work alongside faculty members and graduate students in cutting-edge research projects that extend our knowledge in areas as diverse as Modeling and Simulation, Bioelectricity, International Studies, Sciences, Educational Leadership, and many other disciplines. Our graduate students also have the opportunity to receive highly practical training in our professional schools such as in our MBA program, in a wide range of Education programs, and in the Health Sciences and Engineering.

Our faculty members bring a wealth of talent to our classrooms each day. Many of our faculty have been recognized on the state, national, and international levels with prestigious awards for teaching, research and service. Their lively and provocative teaching, commitment to academic excellence, and innovative research that is both fundamental and applied, enrich the surrounding region and combine into a fusion of ideas and practice that makes the Old Dominion experience a truly rewarding one for all students.

We look forward to you joining the Old Dominion University community.

Augustine O. Agho, Ph.D.
Provost and Vice President for Academic Affairs

Nature of Announcements

Announcements contained in this publication are subject to change without notice and may not be regarded in the nature of binding obligations to the University.
